3.2.2.

Details of workshops/seminars conducted on Research Methodology, Intellectual Property Rights (IPR) and entrepreneurship during the year 2022-23

2022-23

S. No.	Name of the Activity	Page Numbers
1	A Oneday Workshop on Startup Ecosystem	2-10
2	Role of IPR in the Global Economy: Challenges & Issues	11-18
3	Emerging trends in Copyrights- The thin line between 'to copy or not to copy'	19-23
4	Intellectual Property Rights and Patenting- An overview	24-32
5	An introduction to the concept of Trademarks- categories, registration, infringement and remedies	33-38
6	Traditional knowledge and patent issues with reference to Patenting of life saving drugs and Biopiracy- Case studies on patenting of Neem, turmeric and Basmati rice	39-47
7	An insight into the w.w.w – the wild wild web of cyber-crimes and cyber laws	48-53
8	Anatomy of Research – The What, Why and How	54-57
9	Workshop on Research proposal writing	58-62

GayatriVidyaParishad College of Engineering for Women
Entrepreneurship Development Cell(EDC)

NOTICE

Date: 27-06-2022

There will be a workshop entitled “A One Day Workshop on Startup Ecosystem” by EDC Cell at GVP College of Engineering for Women Auditorium on 30-06-2022.

Session 1:

Topic: Startup Ideation & Validation

Speaker: Mr.G.Tirupathi, Assistant Professor, Dept. of IT, GVPCEW.

Timings: 10:00-12:00 AM

Session 2:

Topic: Startup Schemes and Policies in India

Speaker: Mr.G.Tirupathi, Assistant Professor, Dept. of IT, GVPCEW.

Timings: 2:00-4:00 PM

In this connection, all the interested faculty members and students are invited to attend the Workshop.

G. Tirupathi
G.Tirupathi,

Chief Coordinator,
EDC

Report on

“A One Day Workshop on Startup Ecosystem”

Organized

by

Entrepreneurship Development Cell (EDC)

GVP College of Engineering for Women

Madhurawada, Visakhapatnam

Content

1. Objectives of session-I
2. Agenda
3. Discussions and conclusions.
4. Participants

Objectives:

In the first session of the workshop students will learn and acquire the required skills for idea pitching and validation. The objectives of Startup Ideation and Validation are given below.

- Identifying multiple options and concepts- creation of ideas.
- How to Create a Startup Idea Validation Plan
- How to Turn Your Idea into a Solution Plan.
- Choosing the greatest appropriate approach for venture creation
- Knowledge of how to turn an idea become a reality
- Experience the systematic process of venture creation
- Blueprint of a business venture

Agenda: The first session Startup Ideation and Validation that covers the following areas.

- Idea generation and prioritization
- Idea validation
- Skills & Dependences
- Business Value

Discussions:

Mr.G.Tirupati, Assistant Professor, Department of Information Technology, GVPCEW delivered a topic "Startup Ideation and Validation". The talk was conducted in the Auditorium of GVP College of Engineering for Women at 10AM on 30th June 2022. Professor illustrated, outline of the business ideation and briefed the different modules which helps to identify the right startup idea for business. Total 47 students are participated in this session. The Following modules are covered in the session.

1. Process of Ideation

In this module, we covered the different processes of ideation. It helps you to come up with several startup ideas based on the exercises showcased in this module.

2. Idea Prioritization

In this module, speaker is discussed that go through each and every idea and prioritize them based on multiple predefined parameters. It helps the audience to identify the ideas to proceed further with.

3. Idea Validation

Speaker covers idea validation framework and validation tool. It helps understand the validity of each identified idea.

4. Idea Selection: Speaker covers the process of analysing the validation results and feasibility of ideas.

Content

1. Objectives of Session-II
2. Agenda
3. Discussions and conclusions.
4. Participants

Objectives:

The objectives of Startup Schemes and Policies in India is given provides a list of all the schemes initiated by the Government of India to support and promote Indian startups.

The government recognizes the importance of startups in driving innovation and economic growth. Various ministries and departments have introduced schemes to provide financial, infrastructural, and regulatory support to startups. The listed schemes cover sectors like technology, manufacturing, agriculture, healthcare, and more. The Central Government Schemes section serves as a valuable resource for entrepreneurs to explore government support measures. Leverage these schemes to propel your startup towards success and contribute to the vibrant startup ecosystem in India.

Agenda: The second session on Startup Schemes and Policies in India that covers the following areas.

- Promoting Innovations in Individuals, Startups and MSMEs (PRISM)
- NewGen Innovation and Entrepreneurship Development Centre
- Small Business Innovation Research Initiative (SBIRI)

Discussions:

Mr.G.Tirupati, Assistant Professor, Department of Information Technology, GVPCEW delivered a topic "Startup Schemes and Policies in India". The talk was conducted in the Auditorium of GVP College of Engineering for Women at 2 PM on 30th June 2022. Speaker outlined the benefits and eligibility criteria of various schemes under the ministry science and Technology. Total 47 students are participated in this session.

1. Promoting Innovations in Individuals, Startups and MSMEs (PRISM)

The scheme provides grants, technical guidance, and mentoring to individual innovators by incubating their idea towards the creation of new enterprises in phases. It also provides grant-in-aid support to technology solution providers developing technology solutions aimed at helping MSME clusters. The scheme runs in two phases.

2. NewGen Innovation and Entrepreneurship Development Centre

New Generation Innovation and Entrepreneurship Development Centre (NewGen IEDC) is the program launched by National Science and Technology Entrepreneurship Development Board (NSTEDB), Department of Science & Technology (DST), Government of India, and implemented by EDII, Ahmedabad. NewGen IEDC aims to inculcate the spirit of innovation and entrepreneurship amongst the young S&T students, encourage and support start-up creation through guidance, mentorship & support. NewGen IEDCs would be established in academic institutions where students will be encouraged to take up innovative projects with the possibility of commercialization.

3. Small Business Innovation Research Initiative (SBIRI)

The Small Business Innovation Research Initiative (SBIRI) scheme of the Department of Biotechnology, Ministry of Science & Technology was launched in 2005 to boost Public-Private-Partnership (PPP) efforts in the country. It has facilitated innovation, risk-taking by small and medium companies and bringing together the private industry, public institutions, and the government under one roof to promote the research and innovation in the Indian Biotech Sector. The projects supported under the scheme have resulted in prominent outcomes in the form of some products which have already come to the market.

Entrepreneurship Development Cell(EDC)

A One Day Workshop on Startup Ecosystem

Topic: Startup Ideation & Validation & Startup Schemes and Policies in India

Speaker: Mr. G. Tirupathi, Assistant Professor, Dept. of IT, GVPCEW.

(Approved by AICTE & Affiliated to JNTUK, Kakinada)

Title of the Workshop/Seminar : A ONE DAY Sensitization programme on
"Intellectual Property Rights and Innovation for
Engineering students"

Resource Person : Dr. RANI PRAVA NANDA
ASSISTANT PROFESSOR, CHEMISTRY,
DEPT. OF BASIC SCIENCES & HUMANITIES,
GVPCEW

Date of Seminar : 25-09-2022

SEMINAR REPORT SESSION-1 :

Topic: "Intellectual Property Rights and Patenting- An overview"

The emphasis was on the fact that since the students have to do project work in their final year, the project should be designed keeping in mind its novelty and utility value in the society.

I further explained the ways in which filing for patent allows the patent holder to assert ownership rights on the outcomes of his or her creativity and innovative activity in this era of globalization.

Benefits of Patent were discussed at length. Patents can be a tool for technology transfer besides providing legal protection to the inventor by value creation and wealth generation by earning tangible profits.

I focused on the patent registration process and explained it with the help of a flow chart. The subtle differences between invention and innovation were discussed with examples. A brief insight about the qualities of an innovator's mindset was given, so that students can think about innovations. As the first step in this direction they can begin by designing innovative projects in their final year.

I made my presentation simple and the examples sighted were from our daily life. Several case studies were elucidated to drive home the point that complexity of an invention is not a criterion for patentability. The students understood the significance of IPR and were motivated to make their projects innovative with the aim of applying for a patent.

No. of Participants: 172 students

Handwritten signature in green ink, appearing to be "R. Prava Nanda".

SEMINAR REPORT SESSION-2 :

Topic: "An introduction to the concept of Trademarks- categories, registration, infringement and remedies"

In this session, a detailed discussion about the concept of trademarks and service marks was held.

A few common trademarks were drawn on the white board by the speaker and students were asked to identify the name of the company seeing the logo.

Students enjoyed this exercise. Prerequisites of trademarks before a mark is sought to be registered were highlighted. The different categories of trade marks were describes with examples. Steps for trademark registration and post registration opposition and procedures for maintenance of trade mark were also discussed.

Grounds on which a trademark can be revoked for infringement their remedies were also discussed. The term genericide was elaborately explained giving examples of 'xerox', 'escalator', 'cellophane', 'yo yo' etc

No. of Participants: 169 students

A handwritten signature in green ink, appearing to be "R. Prasad". Below the signature, the word "Signature" is printed in black. To the right of the signature, the number "107" is written in green ink.

Title of the Workshop/Seminar : A ONE DAY Awareness programme on "**Intellectual Property Rights**"

Resource Person : Dr. RANI PRAVA NANDA
ASSISTANT PROFESSOR, CHEMISTRY,
DEPT. OF BASIC SCIENCES & HUMANITIES,
GVPCEW

Date of Seminar : 20-08-2022

SEMINAR REPORTSESSION-1 :

Topic "**Role of IPR in the Global Economy: Challenges & Issues**"

The seminar began with an explanation of the term 'Intellectual property rights and Patents' and the difference between invention, innovation and discovery. An overview about various components of IPR like patents, copyrights, trademarks, trade secrets, geographic indications, industrial design, semi conductor circuit layouts sighting examples of each category of IPR was given.

The presentation was lucid and the examples given were from our day to day life.

The importance of IPR and the ways in which IPR allows people to assert ownership rights on the outcomes of their creativity and innovative activity in this era of globalization, was discussed.

The objectives of IPR protection are rewards, recognition, establishment of supremacy, protection of knowledge, capital creation, financial benefit and earning tangible profits.

Ethical implications of patenting life saving drugs with special reference to the Covid vaccines development and pricing was discussed.

No. of Participants: 218 students

SEMINAR REPORT SESSION-2 :

Topic: Emerging trends in Copyrights- The thin line between 'to copy or not to copy'

In this session, the fundamentals of copyright protection and neighboring rights were discussed.

Students were informed that a computer software program can be protected by copyright. The subject matter of copyright, duration and registration procedure were discussed.

Further they were informed about derivative works and transfer of copyright from the owner of copyright to the legal heirs.

Rights of performers and distributors were also deliberated. An insight on semiconductor chip protection Act was also given.

Several case studies on copyright infringement were also discussed. The amendments to copyright act and considering the creative inputs of playback singers, song writers, music composers and movie makers were also considered.

Special mention about the cut and paste practice while writing research papers and importance of plagiarism was also emphasized. Students participated very actively in the interactive session.

No. of Participants: 195 students

GVP College of Engineering for Women

(Approved by AICTE & Affiliated to JNTUK, Kakinada)

Title of the Workshop/Seminar : A ONE DAY Programme on 'Contemporary challenges in Intellectual Property Rights'

Resource Person : Dr. RANI PRAVA NANDA
ASSISTANT PROFESSOR, CHEMISTRY,
DEPT. OF BASIC SCIENCES &
HUMANITIES, GVPCEW

Date of Seminar : 15-10-2022

SEMINAR REPORT SESSION-1 :

Topic: "An insight into the w.w.w – the wild wild web of cyber-crimes and cyber laws"

The lecture began with benefits of cyber space and later, an explanation of the concept of cybercrimes was discussed.

Emphasis was laid on various types of cyber crimes such as data security and data theft, phishing, spam, viruses, employee confidential agreements, cybersquatting, digital signatures and their misuse, etc.

The importance of Uniform domain name dispute resolution policy (UDRP) was also discussed. Role of social media in the life of present youth was also elaborated and how keep ourselves and our data safe, with out falling prey to criminals engaged in cyber – crimes.

In this case prevention is better than cure. An insight was given on cyber laws and punishment of the cyber criminals.

No. of Participants: 198 students

A handwritten signature in green ink, appearing to read "R. Prava Nanda".

SEMINAR REPORT SESSION-2 :

Topic: "Traditional knowledge and patent issues with reference to Patenting of life saving drugs and Biopiracy- Case studies on patenting of Neem, turmeric and Basmati rice"

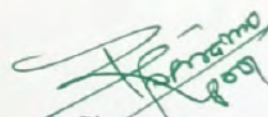

Discussions were held on the aspect of patenting of life saving drugs and pharma companies keeping the price of life saving drugs higher, and keeping these drugs beyond the reach of common man.

The implementation of compulsory licensing as a remedy to such problem was emphasized.

USPTO patented Neem, turmeric and Basmati rice, because of which India could not sell products made of neem or turmeric or basmati rice in US market, highlighted the menace of biopiracy.

How Indian government applied to revoke the patents granted at WIPO, on the grounds that these plants are part of age old Indian traditional knowledge, this ultimately lead to revoking of those patents was discussed at length.

No. of Participants: 178 students

Event Organized Report

Name of the Event: Workshop on "Research proposal writing"

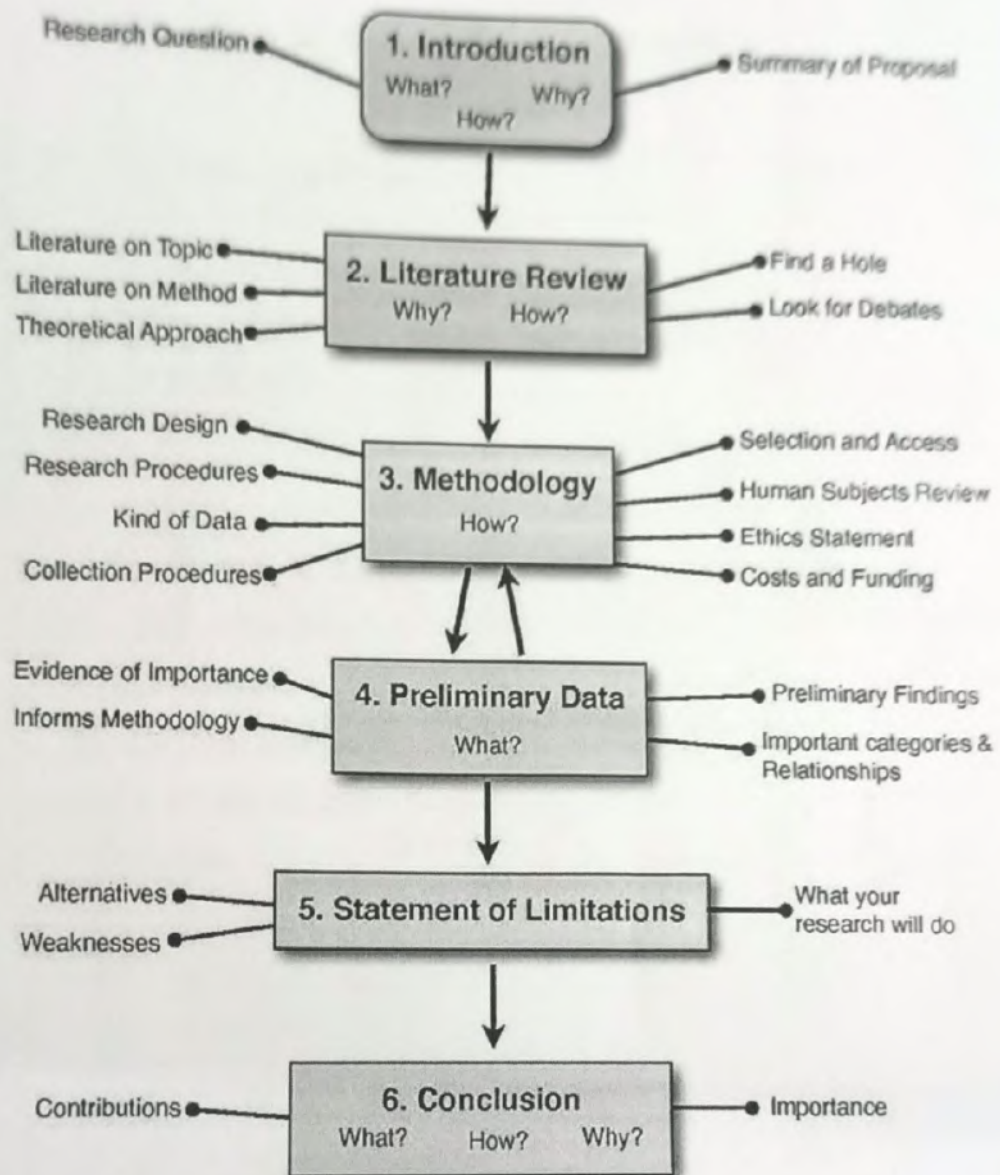

Date: 12-04-2023

Nowadays, it's difficult to write a research proposal because of the ever-changing trends in qualitative research design and the requirement to include technological advances. Also lack of writing skills in one of the major disadvantages among the researchers at technical institutions. In order to facilitate a proper guidance to the faculty one-day workshop on "Research proposal writing" was conducted on April 12th, 2023. The primary motive of the workshop is to provide guidance and assistance to the faculty in writing research proposal and attract funds from various funding bodies including Govt and Industry. Prof. R.K. Goswami, the principal of Gayatri Vidya Parishad College of Engineering for Women, facilitated the workshop by introducing the speaker, Dr. K. Raja Rajeswari, Professor of ECE, Dean of Research and Development, GVPW. Prof. R.K. Goswami also gave a welcome speech, outlining the objectives of the workshop and stressing the significance of writing skills. Dr. K. Rajeswari delivered two lectures in the morning session covering the abilities and resources required to draft a compelling research proposal, which is the initial step in obtaining funding. During the afternoon session, a practical exercise, including proposal drafting, was conducted. Faculty members formed small groups and made a proposal, and after that, experts from the organization and the speaker offered insightful guidance. The outline of the workshop as follows:

- Structure of a scientific proposal
- Research proposal (Identifying the problem, objective and hypothesis)
- Exercise Literature search
- Methodology and structure
- Experimental design
- Justification and impact
- Individual exercise, presentation- Discussion and suggestions.

Research Proposal Flow Chart

Event Organized Report

Name of the Event: Seminar on "Anatomy of Research-The What, Why and How"
Date: 04-02-2023

A full-day seminar on "Anatomy of Research: The What, Why, and How" was conducted on **February 4th, 2023** with the aim of providing guidance to the faculty in the formulation of research questions, the design of scientific research, statistical techniques, and developing the ability to critically analyse, evaluate, and synthesize complex and multi-dimensional/discipline concepts. Prof. R.K. Goswami, principal of Gayatri Vidya Parishad College of Engineering for Women, introduced the guest speaker, Dr. A. Subramanyam, Retd. Prof. in Physics, IIT Madras, and gave a brief overview of the current scenario and importance of research, especially in the fields of science and technology at the technical institutions. Two sessions were conducted by Dr. A. Subramanyam (morning and afternoon), with the first session offering fundamental ideas of Research, Funding, Thrust areas and a practical exercise in problem identification and analysis in afternoon session. Before the event ended, there was a very successful question-and-answer period during which a number of faculty members asked questions on research issues and priority areas. The program concluded with recommendations from the Dean of R&D, Prof. K. Rajeswari. The outline of the seminar are as follows:

- What is Research? And where to start Research?
- Why should we do Research?
- Current Financial fundings and funding bodies in India.
- Types of Research
- Thrust Areas
- Different statistical techniques and methods.
- Systematic procedure from selection of topic to problem identification and solution
