Kommadi, Madhurawada, Visakhapatnam 530 048

(Approved by AICTE, New Delhi, Affiliated to Andhra University, Visakhapatnam)

(Accredited by National Board of Accreditation [NBA] for B.Tech CSE, ECE and IT - valid from 2019-22 and 2022-25)

(Accredited by National Assessment and Accreditation Council [NAAC] with A Grade - valid from 2022-2027)

Phone: +91-891-2739144, 2739124, 2719125, 2719127 Email Id: gupcew@gmail.com, info@gupcew.ac.in

Department of Training and Placements

Circular

Date: 06.04.2023

This is to inform you all that there will be Training on "Aptitude, Reasoning and Verbal Ability" (Module-2) in collaboration with "APEX" from 10th April 2023 to 18th April 2023 for students of III B.Tech II Semester.

Time : 02.30 pm – 07.00 pm

Venue : Batch 1 – Auditorium
Batch 2 – Room No. 201

All registered students are requested to attend the training program without fail.

C Srinivas

Training & Placements Officer

Copy to:

- The Principal
- The Vice Principal
- All HODs (for Circulation)
- All Placement Coordinators

237 students have attended
the training program by APEX
from 10/04/23 to 18/04/23 (7 days)

20/4/23

Report on Clean Campus programme

Clean Campus promotes Hygiene, it improves hygiene level in campus and also helps to reduce the spread of sickness, maintaining a clean college environment sets a good example to students.

Cleanliness encourages learners to take pride in their college, which makes them less likely to drop litter and as such they will potentially make a bigger effort to maintain their environment.

Cleanliness gives rise to a good character by keeping body, mind, and soul clean and peaceful. Maintaining cleanliness is the essential part of healthy living because it is the cleanliness only which helps to improve our personality by keeping clean externally and internally.

GVP College of Engineering for Women has organized a Clean Campus campaign on 28th April 2023 to educate and to promote civic sense among students' community.

NSS Volunteers went to all the classes and briefed about the importance of cleanliness of the campus. Students were advised not to throw paper plates, water bottle, paper cups, tissues, and many unwanted things on campus Lawns, Library, canteen, garden, sitting Area, corridors, class rooms, pathway and other open areas which is very unhygienic to all of us. They were also informed to make the college campus & class rooms a beautiful place for one and it makes individuals healthier when the environment around them is healthy.

DIGITAL PAYMENTS AWARENESS WEEK 2023 – LAUNCH OF MISSION “HAR PAYMENT DIGITAL”

06-03-2023

The Governor, Reserve Bank of India (RBI) launched the Mission ‘Har Payment Digital’ on the occasion of the Digital Payments Awareness Week (DPAW) 2023. This is part of RBI’s endeavour to make every person in India a user of digital payments. DPAW 2023 will be observed from March 6 to 12, 2023. The campaign theme is “Digital Payment Apnao, Auro ko bhi Sikhao” (Adopt digital payments and also teach others).

Digital payments offer benefits of speed, convenience, safety and security. The existing infrastructure has made digital payments available and accessible, but it is necessary to create more awareness which can increase acceptance and enhance adoption. While launching the mission “Har Payment Digital”, the Governor appealed to all the stakeholders – banks, non-banks, payment system operators, digital payment users, etc. – to adopt digital

Report on Upskilling Program

09-12-2022

(The Program conducted by Andhra University in Collaboration with APSCHE and LinkedIn.)

All the students of Engineering (AU), our GVPW Faculty and Students have been actively participated in this huge awareness which was conducted by APSCHE in the AU Convention Centre, Vizag.

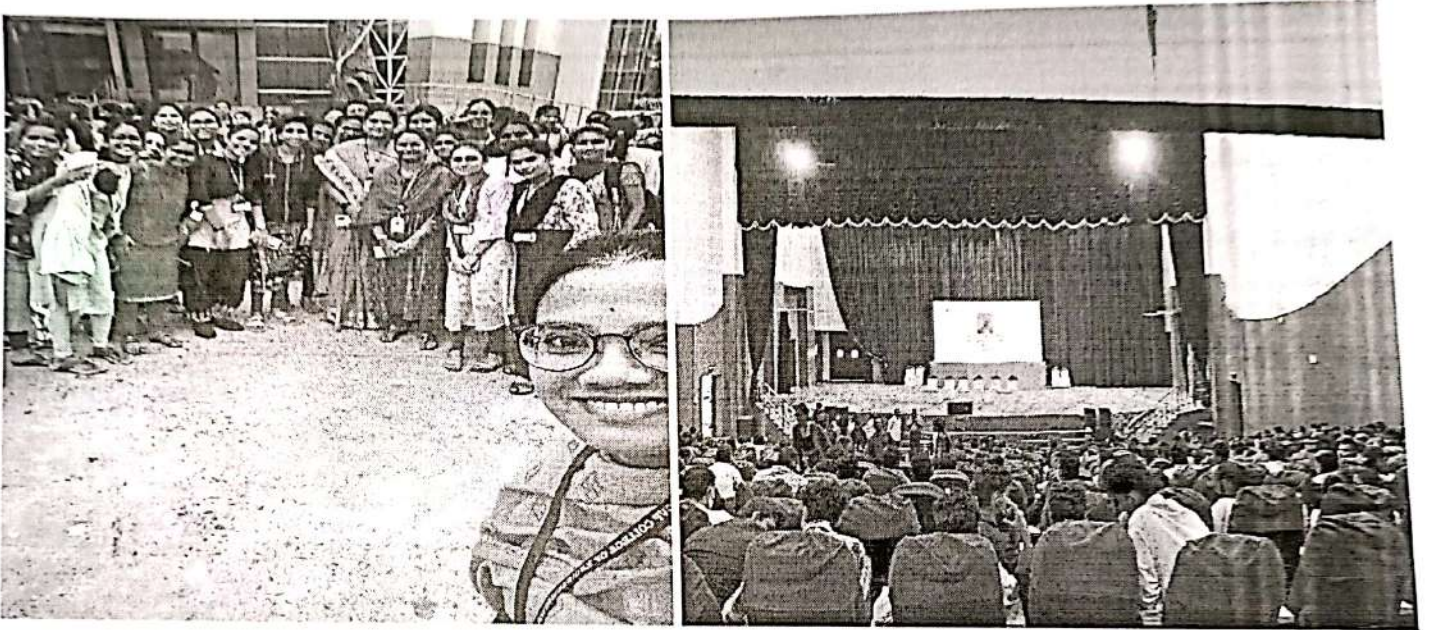

Registrar of AU, Prof V Krishna Mohan, LinkedIn Key Account Director (Govt & Public Sector) Sri Abhishek Kohli and other higher officials of Andhra University delivers the lecture on Upskill Programs which will be helpful to students for future and also encouraged the students to do the courses.

The objective is to conduct an awareness campaign across the State with the support of Local Bodies to bring respect and dignity to the blue-collar jobs and regard them as core to the workforce for making an egalitarian and developed society is to,

- To identify, promote and develop different skill sets of young workforces.
- To inspire youth to develop their skills and follow their passion 100.
- Provide a platform to display talents.
- To change the mind-set of youth/parents and emphasize the significance of skilled workmanship as a dignified occupation.

The National Policy on Skill Development and Entrepreneurship was launched on 15th July, 2015. Vision of the Policy is "To create an ecosystem of empowerment by Skilling on a large scale at Speed with high Standards and to promote a culture of innovation-based entrepreneurship which can generate wealth and employment so as to ensure Sustainable livelihoods for all citizens in the country."

Mission of the Policy is:

- Create a demand for skilling across the country;
- Correct and align skilling with required competencies;
- Connect the supply of skilled human resources with sectoral demands;
- Certify and assess in alignment with global and national standards; and
- Catalyze an ecosystem wherein productive and innovative entrepreneurship germinates, sustains and grows leading to creation of a more dynamic entrepreneurial economy and more formal wage employment.

Policy Framework for Skill Development outlines eleven major paradigms and enablers to achieve its Vision and Mission viz;

Aspiration and Advocacy, Capacity, Quality, Synergy, Mobilization & Engagement, Promotion of skilling among women, Global Partnerships, Outreach, ICT Enablement, Trainers and Assessors, Inclusivity.

Policy Framework for Entrepreneurship:

To unlock the entrepreneurial potential a nine-part entrepreneurship strategy is proposed viz:

- Educate and equip potential and early-stage entrepreneurs across India.
- Connect entrepreneurs to peers, mentors and incubators.
- Support entrepreneurs through Entrepreneurship Hubs (E-Hubs).
- Catalyze a culture shift to encourage entrepreneurship.
- Encourage entrepreneurship among under-represented groups.
- Promote Entrepreneurship amongst women.
- Improve ease of doing business.
- Improve access to finance.
- Foster social entrepreneurship and grassroots innovations.

Report on Breast Cancer Awareness

The month of October is observed as Breast Cancer Awareness Month worldwide. The campaign is aimed at educating people about the importance of early screening, detection and treatment of breast cancer.

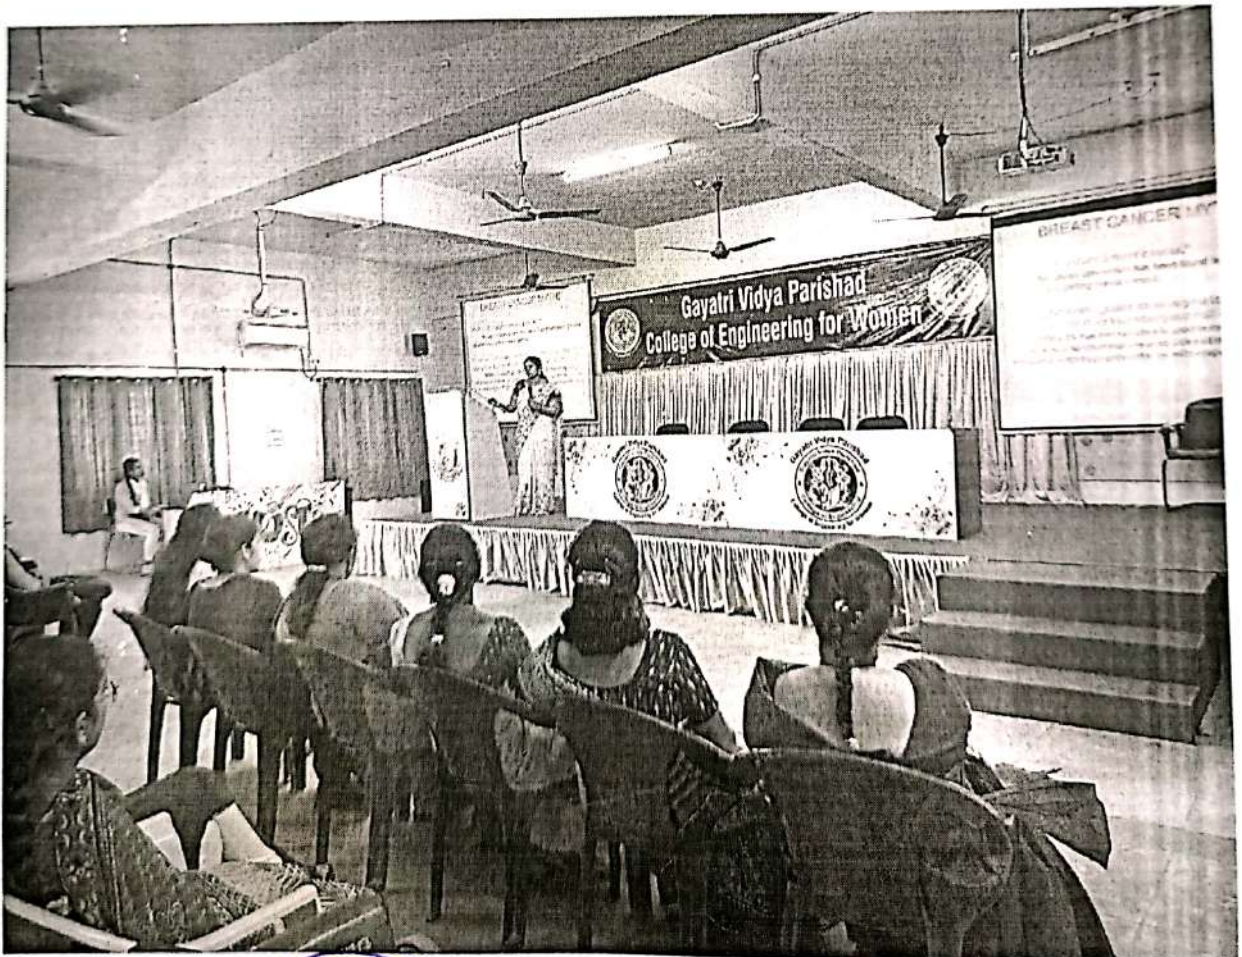

According to WHO, breast cancer is by far the most common cancer in women worldwide, both in developed and developing countries and a primary cause of death of women in metropolitan cities.

The speaker for the same was **DR. AMRUTHA KASIPA (MBBS, MSOBG)** who works in the Department of Obstetrics & Gynaecology at Gaytari Vidya Parishad Institute of Health Care & Medical Technology, Vsp.

To support the cause, GVPW organised a seminar on Breast Cancer Awareness on 29th October 2022. This interactive event was attended by **Dr. P.V.S.L Jagadamba (HOD, CSE)**, **Dr. R.V.S Lakshmi Kumari (HOD, EEE)**, and other faculty members and nearly 130 students.

Beginning with a general outlook on all types of cancers, Dr. Amrutha Kasipa (MBBS, MSOBG) moved on to talk about the lifestyle changes that are resulting in an increase in breast cancer cases. She highlighted the importance of regular self-inspection and clinical self-examination for the early detection of breast cancer as 80% cases are detected at the advanced stage.

Noting that any woman can get breast cancer irrespective of their family history, the speaker said that breast cancer can be cured if treatment is provided at the right time. She also threw light upon the symptoms of breast cancer and the preventive measures to be taken in order to reduce the risk of this disease.

In the end, questions from the audience were taken up and informative pamphlets encasing detailed information about Breast Self-Examination (BSE) were distributed among the students and faculty members. The seminar proved to be awareness imparting and thought-provoking for everyone. GVPW looks forward on conducting more such seminars in the future. The event proved out to be a huge success as the entire auditorium was packed with students. Details for which can be found attached below.

CIRCULAR

Ministry of Youth Affairs and Sports (MoYAS), Government of India planning to conduct Clean India Campaign 2.0 Program on October 19th, 2022 in a grand manner at Chandini Chowk, New Delhi and at all the States/UT's.

In this connection, as per the instructions of the Hon'ble Director, NSS, Govt. of India, GVPCEW is planning to organize Clean India Campaign 2.0 during 9 A.M to 11 A.M on October 19th, 2022 in our College Campus.

All the Students are requested to attend the program and make successful.

Report on Clean India 2.0 programme

Introduction:

- As per the vision of the Prime Minister, Clean India 2.0 programme is being organised in 6 Lakh villages of 744 districts across the country through the network of Nehru Yuva Kendra Sangathan (NYKS) affiliated Youth Clubs & National Service Scheme Affiliated Institutions.
- The programme will be launched with an aim to raise awareness, mobilise people and ensure their participation in making India clean.
- In this initiative, people from different regions, languages and backgrounds will work together and the waste will be disposed of by these people on a completely voluntary basis.

Objectives of the Programme:

- The Department of Youth Affairs has set a target of collecting and disposing of 1 crore kg of plastic waste in the 2022 campaign.
- The objectives of the Clean India programme are to organise cleaning of public spaces and households across all the districts of the country from 1st October to 31st October 2022, involve all segments of society, Government organisations including PRIs and Non-Government Organisations, to instil awareness and feeling of pride among citizens to keep their surroundings clean and waste-free.
- The campaign will give the mantra of "Swachh Kaal: Amrit Kaal" and make this program a People's Movement through people's participation.

Focus of Clean India 2.0:

- The major focus of Clean India 2.0 is on single-use plastic which is harmful to environmental health and human health.
 - India generates 3.5 million tonnes of plastic waste a year. The government data reveals that India's per capita plastic waste generation is 3-4 kg per year.
 - A 2021 report by the Minderoo Foundation found that India features in the top 100 countries of single-use plastic waste generation – at rank 94.
 - Of 25000 tons of SUPs generated per day in India, only about 5% gets collected.

- This year, the programme also focuses on hotspots such as Tourist Places, Educational Institutes, Bus Stand/Railway Stations and the vicinity, National Highways, Historical and heritage buildings, religious places & surroundings, hospitals and water resources, etc. for waste collection.
- Clean India 2.0 also emphasises awareness raising around the basics of Swachh Bharat mission, such as waste segregation at source, scientific processing/disposal reuse/recycle of Municipal Solid Waste.
 - To bring about a behavioural change in people with regard to healthy sanitation practices.
 - Strengthening of urban local bodies to design, execute and operate systems.
 - To create an enabling environment for private sector participation in Capital Expenditure and Operation & Maintenance (O&M) costs.

Taking the call of Ministry of Youth Affairs and Sports (MoYAS), Government of India, the GVPCEW NSS Unit has conducted clean India campaign 2.0 in the college premises and created awareness in the nearby village.

In GVPCEW, each NSS volunteer collected almost 1.5 kgs plastic waste in the college premises which makes them able to collect around 35 kgs of plastic waste on a single day. Later they visited Kirana shops, fast food stalls, restaurants which were situated nearby

college to create awareness on the use of single use plastic and its separation from other waste and its safe disposal in bins provided by municipality/panchayat authorities.

Programs like these will help the people to understand the ill effects of plastic waste and the importance of safe disposal of it.

In this campaign, Principal Dr. R.K.Goswami, Vice Principal Dr. G.Sudheer, HOD's, NSS PO Ms. P.Hemalatha, PD Mangala Gowri, Staff, NSS Student Volunteers and students were present.

Conclusion: No campaign can be successful unless and until it becomes a People's Movement.

Total No. of students Participated: 74

A Report on Fire Extinguisher training

- Fire safety is the set of practices intended to reduce the destruction caused by fire. Fire safety measures include those that are intended to prevent the ignition of an uncontrolled fire and those that are used to limit the development and effects of a fire after it starts.
- Fire safety measures include those that are planned during the construction of a building or implemented in structures that are already standing, and those that are taught to occupants of the building.
- Threats to fire safety are commonly referred to as fire hazards. A fire hazard may include a situation that increases the likelihood of a fire or may impede escape in the event a fire occurs.

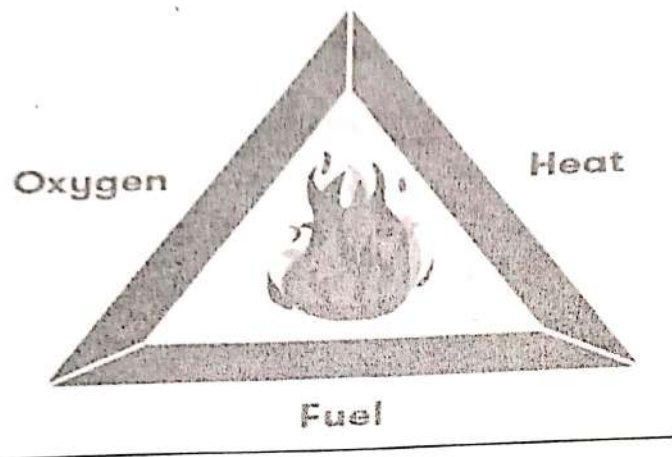

Elements of a Fire Safety Policy

- Fire safety policies apply at the construction of a building and throughout its operating life.
- Building codes are enacted by local, sub-national, or national governments to ensure such features as adequate fire exits, signage, and construction details such as fire stops and fire rated doors, windows, and walls.

- Fire safety is also an objective of electrical codes to prevent overheating of wiring or equipment, and to protect from ignition by electrical faults.

So, the students of GVPCEW got the chance to know about the usage of extinguisher and to know many new things about different classes of fire and different type of fire extinguishers. And students also experienced the live demo of extinguishing fire and some of them even with the help of the trainer extinguished the fire too.

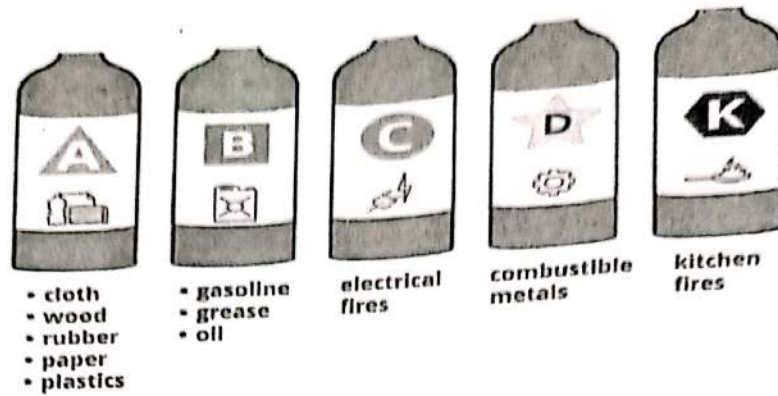

The different types of fires are:

Which are classified depending on the material involved:

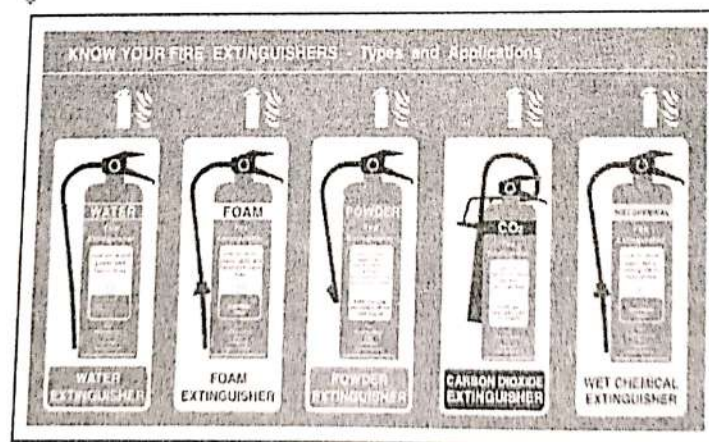

- **Class A** - Fires involving ordinary combustibles such as paper, wood, cloth, rubber, or plastics. These fires generally leave an Ash.
- **Class B** - Fires involving flammable or combustible liquids, gases, oil, paints, or lacquer. These materials Boil or Bubble.
- **Class C** - Fires involving energized (live) electrical equipment such as motors, appliances, or power tools. These fires involve electrical Current.
- **Class D** - Fires involving combustible metals such as magnesium, titanium, sodium, and potassium. These fires are Difficult to come by. It's rare that you'll ever have to deal with these types of fires unless you work in a lab or factory that uses these materials.

The different types of fire extinguishers:

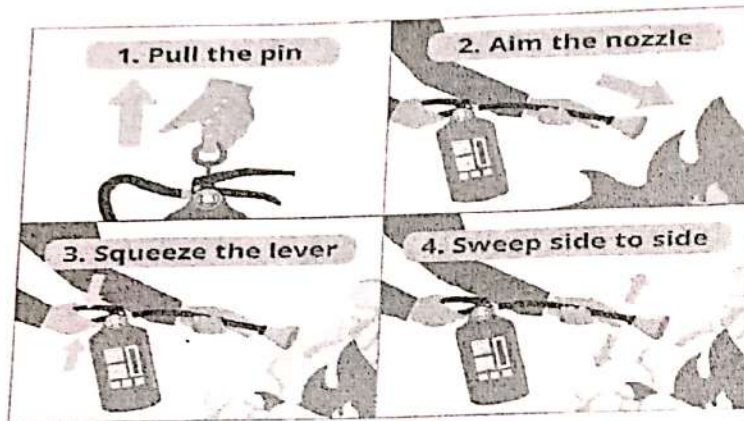

- **Dry chemical extinguishers** - This is the most common type of extinguisher and you'll see them labeled for the types of fires they're designed to control. (i.e.: "DC" for "dry chemical", "ABC" for A, B, and C fires, or "BC" for class B and C fires. When activated, dry chemical extinguishers discharge fine powder to break the chemical reaction and create a barrier between the fuel and the oxygen in the air.
- **Water extinguishers** - This type of extinguisher removes the heat from burning materials for Class A fires. They are pressurized with air and filled about two-thirds with water. Water extinguishers should never be used on: Electrical fires as they can increase the risk of electrocution. Water extinguishers should also never be used on: Flammable liquid or cooking oil fires as it can spread the liquid and the fire
- **Carbon Dioxide (CO₂) extinguishers** - Pressurized CO₂ controls Class B and C fires by blanketing the fuel and displacing oxygen. CO₂ extinguishers should never be used.

The following steps has to follow while extinguishing fire:

Pass: where:

- P=Pull - Pull the pin.
- A=Aim - Aim at the leading edge of the fire.
- S=Squeeze - Squeeze the handle to discharge the extinguishing agent.
- S=Sweep - Sweep with the nozzle to distribute extinguishing agent over the entire fire.

Every extinguisher is used once at a time till 18sec. and it cannot be reused and it cannot be stopped in the middle until it gets finished completely.

So, this training and demo section helped students a lot and unknown way of extinguishing fire with the extinguisher.

VISAKHAPATNAM BEACH CLEAN UP, 26-08-2022 BY GVMC AND PARLEY FOR THE OCEANS

Clean beaches are essential to healthy coastal habitats and the wellbeing of people who visit them. With the significant increase in beach use and waterfront recreation in 2022, this statement is true now more

than ever. Beach cleanups are a simple, yet effective way to reduce plastic pollution, raise awareness about the complexities of the plastic pollution crisis and provide crucial data to help pass plastic reduction legislation across the nation.

As report says more than 22,000 volunteers lined up at 40 locations along 29 kilometers of the coastal line here on Friday 26th Aug, 2022 for a Mega Beach Clean-Up drive and collected 76 tonnes of plastic waste and trash, and handed them over to the Greater Visakhapatnam Municipal Corporation (GVMC) for disposal.

The event could possibly be a world record, which would overshadow Israel's October 30th, 2020 massive drive in which 18,000 people picked up 62 tonnes of garbage from beaches on the Mediterranean coast, the Sea of Galilee and the Red Sea. Representatives of the Wonder Book of Records certified the fete as a world record in beach cleaning drive.

The clean-up of the beach between Naval Coastal Battery and Bheemunipatnam was jointly organized by the GVMC and Parley for the Oceans, a New York-based non-profit. The organizers said 22,157 volunteers participated in the drive.

Report on CPR (First Aid) Awareness by DR MANJULA V RAMBALI,
Critical Care, GYP Medical College

Date: 04-08-2022

Cardiopulmonary resuscitation (CPR) is a hands-on emergency intervention used to restore breathing and a heartbeat in a person who has gone into cardiac arrest.

Common causes of cardiac arrest are a heart attack or near-drowning.

CPR involves performing chest compressions and, in some cases, rescues ("mouth-to-mouth") breathing. These techniques can keep blood flowing to the brain and other organs until medical help arrives. When oxygen-rich blood cannot get to the brain, brain damage can occur within minutes.

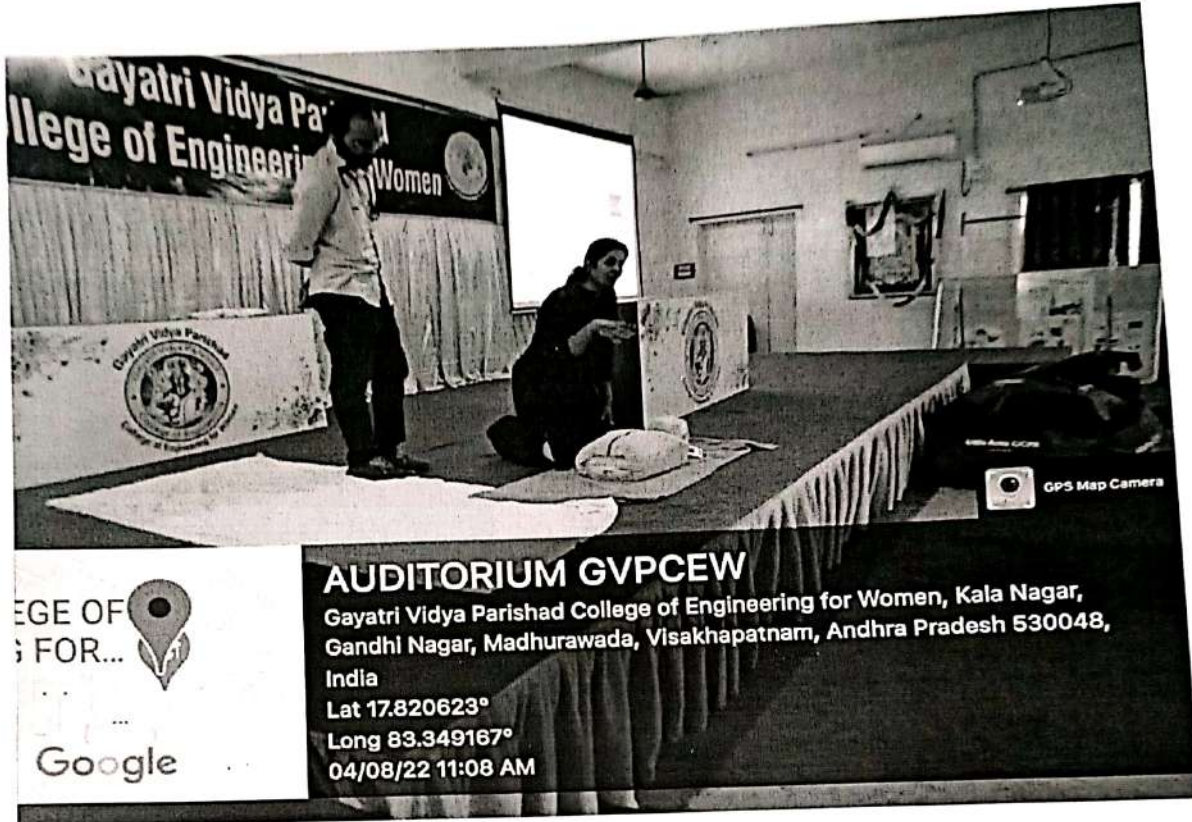

GAYATRI VIDYA PARISHAD
COLLEGE OF ENGINEERING FOR WOMEN
Madhurawada, Visakhapatnam – 530 048
(Affiliated to JNTUK, Approved by AICTE, New Delhi)

NSS UNIT: 90214314

Dr Manjula V Ramsali gives a detail briefing and demo using mannequins to each and every student.

What to do before performing CPR

A time is of the essence, but before you attempt CPR on someone, follows these steps,

1. **Make sure the environment is safe.** A fire, traffic accident, or other dangers could put your own life at risk.
2. **Try to wake the person.** Tap on the person's shoulder firmly and ask "Are you OK?" in a loud voice. Move on to the next steps after five seconds of trying to wake the patient.
3. **Call 911.** Anytime a patient won't wake up, call 911 immediately or ask a bystander to call. Even if you will perform CPR on the spot, it's important to get paramedics to the scene as quickly as possible.
4. **Put the person on their back.** If it's possible that the person may have had a spinal injury, turn them carefully without moving the head or neck.

GAYATRI VIDYA PARISHAD
COLLEGE OF ENGINEERING FOR WOMEN
Madhurawada, Visakhapatnam – 530 048
(Affiliated to JNTUK, Approved by AICTE, New Delhi)

NSS UNIT: 90214314

5. **Check for breathing.** Tilt the patient's head back to open the airway and determine if they are breathing. If the patient doesn't take a breath after 10 seconds, start CPR.

The following steps apply to adults and to children over 8 years old.

1. **Place your hands on the person's chest.** Imagine a line between the nipples and put the heel of one hand directly on that line, in the center of the chest (i.e., the sternum). Place your other hand on top of that hand. Center your weight directly over your hands.
2. **Perform chest compressions.** Push hard, to a depth of at least 2 inches (but no deeper than 2.4 inches) and fast about twice per second until the person responds. Your hands shouldn't bounce, but you should lift your entire body weight off the patient in between each compression.
3. **Give rescue breaths.** If you have had CPR training and feel comfortable performing the steps, push on the chest 30 times, and then give two rescue breaths.
4. **Repeat.** Repeat cycles in the CPR ratio of 30:2 (chest compressions and breaths) until help arrives or the patient wakes up.

Addressing the gathering by GVMC Commissioner, Dr.G. Lakshmisha, IAS, said that “We will like to put a sustained effort. GVMC departments, Sachivalayam employees, NGOs, Resident Welfare Association (RWAs), government employees, institutions and people will be involved in it.

- GVMC Commissioner, Dr.G. Lakshmisha, IAS, also said that people should take up this as responsibility and avoid using plastic voluntarily.
- He said that steps are being taken to promote use of cloth bags, paper bags, wooden spoons and paper cups as an alternative to plastic.

Eco-Bazaar

- GVMC Commissioner, Dr. G. Lakshmisha, IAS, said that on the occasion of World Environment Day, the civic body will be organising a bazaar in the name, Eco-Bazaar, where they would be selling environment-friendly items, including cloth bags, wooden materials, paper bags and others which can be used as replacement for plastic in day-to-day lives.
- He also said that a number of people generally arrange plastic flexis in case of functions, events, meetings, gatherings and various purposes. GVMC sincerely appeals people to go for cloth flexis only keeping in view of environment.

“Visakhapatnam stood as an example in the country when a large number of people took part in ‘Cloth Bag Challenge’ some months ago. Now, I am sure, Vizag will set another example by becoming plastic-free city soon,” he added.

Chief Medical Officer, K.S.L.G. Sastry, Additional Commissioner, Y. SrinivasaRao, GVP Secretary Prof. P. SomarajuGaru, GVP Board Member Dakshina Murthy Garu, Principal, Prof R.K. Goswami, Vice Principal Dr. G. Sudheerwas among those present

Retrofitting for Electric Vehicles

- With the advancement in the 21st Century, there has been increasing in the usage of Oil and Gas leading to problems like Global Warming, climate change, shortage of crude oil, etc.
- The studies for hybrid electrical vehicles (HEV) have attracted considerable attention because of the necessity of developing alternative methods to generate energy for vehicles due to limited fuel-based energy.
- A hybrid electric vehicle (HEV) is a type of hybrid vehicle that combines a conventional internal combustion engine (ICE) system with an electric propulsion system (hybrid vehicle drivetrain).

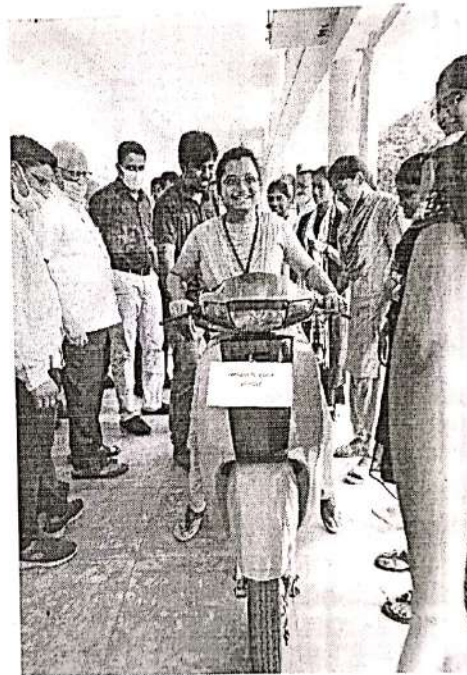

GAYATRI VIDYA PARISHAD COLLEGE OF ENGINEERING FOR WOMEN

Madhurawada, Visakhapatnam – 530 048
(Affiliated to JNTUK, Approved by AICTE, New Delhi)

NSS UNIT: 90214314

- The presence of the electric powertrain is intended to achieve either better fuel economy than a conventional vehicle or better performance. In this project, an existing internal combustion two-wheeler is converted into a hybrid electric vehicle.
- A 1500 W, 32 A hub-motor, SPWM controller, 72V, 27Ah battery bank, and common controller for fuel and motor are used to develop the proposed HEV.
- The vehicle has been designed for 60KM range with 70 KMPH. A simple controller is adapted to HEV for electric to petrol conversion.

GVMC Commissioner, Dr. G. Lakshmisha, IAS, appreciated the students on their project.

A Report on INTERNATIONAL YOGA DAY, JUNE 21, 2022

The International Day of Yoga has been celebrated annually on 21 June since 2015, following its inception in the United Nations General Assembly in 2014. Yoga is a physical, mental and spiritual practice which originated in India. The idea of an International Day of Yoga was first proposed by the current Prime Minister of

India, Narendra Modi, during his speech at the United Nations General Assembly (UNGA), on 27 September 2014, as it is the longest day of the year in the Northern Hemisphere and shares a special significance in many parts of the world.

Yoga is an invaluable gift of India's ancient tradition. It embodies unity of mind and body; thought and action; restraint and fulfilment; harmony between man and nature; a holistic approach to health and well-being. It is not about exercise but to discover the sense of oneness with you, the world, and the nature. By changing our lifestyle and creating consciousness, it can help in well-being. Let us work towards adopting an International Yoga Day.

— Narendra Modi, UN General Assembly

NSS unit and Sports committee has conducted a rally as a part of Azadi ka Amrit Mahotsav which was organized with lot of josh and clan with a large number of participants, each of them holding our National flag during the rally, and some of them also hold the banners while leading the rally. As a part of it, our respected Principal, Dr.R.K. Goswami, Vice Principal, Dr G.Sudheer, Heads of the departments and the faculty members also accompanied in raising the patriotic fervor.

At GVPCEW, to mark the occasion the faculty and students were encouraged to present their ideas on India's Progress and Innovations in the past 75 years in diverse fields such as Health care, Defence, Manufacturing, Construction, Science and Technology through posters, PPTs. Some of the students made short videos as well. An essay writing competition on the topic "India: An Innovation Hub" was also conducted.

Posters symbolize the Heritage of India, an embracing confluence of religions, traditions and customs. It lies in the treasure of its art & architecture, culture, dance, music and its people.
