The process of arranging paid internships has been set in motion with the active involvement of the placement team at GVKITW. This initiative aims to provide students with valuable industry exposure and practical experience while offering financial support. The placement team is working closely with various companies and organizations to secure meaningful opportunities that align with the students' academic backgrounds and career aspirations.

The college has started the process of buying laptops in bulk to make them more affordable for students. They are talking to different vendors to find the best offers, including discounts, post-warranty options, and extra benefits like warranties. The goal is to help students get good quality laptops at lower prices, making it easier for them to meet their academic needs.

The college administration has engaged with the hostel and canteen staff to enhance the breakfast menu by offering a wider variety of items. This initiative aims to provide students with more diverse and nutritious meal options to cater to different tastes and dietary preferences.
