### Annual Gender Sensitization Action Plan (2024)

Gender sensitization remains a cornerstone of our college's commitment to creating an inclusive and empowering environment. Building on past successes, we continue to prioritize initiatives that promote gender equality, safety, and cultural awareness, ensuring all students thrive academically and personally.

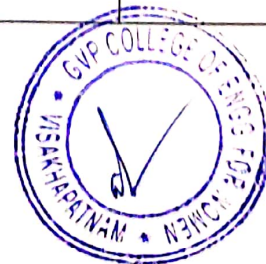

#### Key Focus Areas for the Year:

- **Gender Equality and Empowerment**
  - we are committed to fostering an environment where gender equality is paramount. Through workshops and seminars, students are encouraged to challenge stereotypes, embrace leadership, and break down barriers, empowering them to reach their full potential.
- **Safety, Security, and Well-being of Students**
  - Ensuring the safety and well-being of students is our top priority. This includes comprehensive programs on personal safety, mental health awareness, and wellness. We will expand safety protocols and offer self-defence training, alongside wellness programs promoting both physical and emotional health.
- **Cultural Awareness and Social Responsibility**
  - we aim to deepen students' understanding of social issues and their role in promoting inclusivity and equity. Through discussions, workshops, and celebrations of important events like Women's Day and National Girl Child Day, students will gain insights into cultural sensitivity and their responsibilities as change agents.

This action plan reflects our on-going commitment to creating a safe, supportive, and inclusive environment for all students to flourish.
