- Day 1: The NSS team conducted door to door visits in the Village. Villagers were enquired about basic amenities and facilities like water, electricity, roads and schools. A few of the problems were brought into light and recorded by the team.
- Day 2: The Volunteers participated actively in the Village cleaning activity by clearing out unwanted plants and bushes that are in front of the school as part of the Swacchta Abhiyaan scheme. They also created awareness among the villagers about waste management. The team contributed dustbins by placing where ever they were required.
- Day 3: The team members created awareness about the hazards of plastic and educated them about the reusability and recycling of plastic. Also the team explained all the villagers about the adversities of disposing the waste in open drains. The Volunteers trained the people on proper disposal techniques of plastic waste.
- Day 4: The NSS team helped to clear out the weed growing in front of the school and made the area amicable for plantation. Furthermore, they elucidated on digital technologies like online bill payment websites and apps.

- Day 5: The team members arranged a movie screening session for kids and adults of the village. This was to educate the people on certain issues like health, girl child education and other social problems. Also the Volunteers renovated the school building by painting the walls.
- Day 6: The team conducted rallies and awareness campaigns on Swacchta Abhiyaan and safe sanitation. A medical camp was organised with the help of a Doctor. Under the Doctor's supervision complete body health check up was done for all the villagers. Also the villagers were given necessary medicines and medical supplies.
- Day 7: The team members arranged a plantation drive for the students of the school and encouraged them to participate. It helped the school students to understand their responsibility towards nature and environment.
