The President
Ba-Bapu Seva Sangham
Dwarakanagar
VISAKHAPATNAM

Respected Madam

In connection with Smt. Durgabai Deshmukh's birth day celebrations on July 15th, elocution and essay writing competitions were held on the topic "Contributions of Durgabai Deshmukh in Empowering Women with education" at Gayatri Vidya Parishad College of Engineering for Women. The following students were selected and forwarded herewith to you for further necessary action.

Elocution Competition:

- 1) Ms. M B VYSHNAVI - 15JG1A0557 - 1st Prize
- 2) Ms. P AISWARYA - 16JG1A0591 - 2nd Prize

Essay Writing:

- 1) Ms. N NAVYA SAI - 15JG1A0471 - 1st Prize
- 2) Ms. S L AISHWAYRA - 15JG1A1236 - 2nd Prize

This is for your information.

Thanking You

Yours faithfully

(Prof. E. V. PRASAD)

Date: 17-06-2017, 15-07-2017.

Activity Name:

A Two day workshop on "PYTHON ESSENTIALS FOR INFYTR (Infosys)"

Resource Person:

Ms. D. Indumathi, Dept of CSE

Mrs. M. Deepthi, Dept of IT

Mr. M. Santhosh, Dept of IT

Mr. ch.v.v.D prasad, Dept of IT

Description:

The objective of this workshop is to train students about fundamentals of python, Algorithms using python and DBMS, sql using python.

Date: 17-06-2017, 24-06-2017, 15-07-2017, 22-07-2017

Activity Name:

A Four day on workshop on "BIG DATA"

Resource Person:

Ms. P. Sridevi, Dept of IT

Mr. K P Naidu, Dept of CSE

Ms. BV Lakshmi, Dept of CSE

Mr. CHVVD Prasad, Dept of IT

Faculty Coordinator:

Mrs. B. Vijaya Lakshmi

Mr. B.L.V.V Kumar

Description:

The objective of this talk is to give detailed analysis about Big data and file systems used to store Big data. Topics like Map reduce programs, basics of Hadoop frameworks are discussed.

Date: 18-07-2017

Activity Name:

A Guest Lecture on "WORKING ENVIRONMENT IN IT INDUSTRY"

Resource Person: Mr. Suresh Raju,
Vizag Operations,
PamTen Inc

Faculty Coordinators: Ms. P. Sridevi

Description:

The objective of this lecture is to explain students how they should adapt to the situations around them. How they should respond to the situations being faced.

Principal Sir is speaking about Mr. Suresh Raju. He is giving introduction about the lecture.

classmate

Mr Suresh Raju is speaking about working Environment in 'IT'

Mr Suresh Raju is been felicitated by Principal Sir, Director Sir.
classmate

Date: 01-09-2017

Activity Name:

A Guest Lecture on "EXPERIENCES SHARING & SOME SUGGESTIONS".

Resource Person: Mr. Aniruddha S Dasu
Vice President,
Polaris

Faculty Coordinator: Mr. Ch.V.V.D. Prasad

Description:

The objective of this lecture to let student know the experiences of the people who have succeeded in their life and taking the suggestions to build up in a good way.

Mr. Aniruddha Dasu is speaking about his Experiences and sharing & suggesting the students
classmate

Students are listening to the lecture and interacting with Aniruddha S Daru.

Students are gaining the knowledge from Mr. Aniruddha S Daru experiences and suggestions.

classmate

Date: 06-09-2017

Activity Name:

An Expert Talk on "LATEST TRENDS IN INFORMATION TECHNOLOGY".

Resource Person: Prof. Dr. M.L. Sai Kumar.

Faculty Coordinators: Mr. M. Santosh

Ms. K. Suneetha

Mr. K. Nagaraju

Description:

The objective of this talk is to give the detailed analysis on latest trends in IT. Topics like Industrial IoT, Block chain technology and computer Assitant learning.

Prof. Dr. M.L. Sai Kumar is interacting with students and trying to know their idea on the latest trends in IT.

classmate

Students are trying understand about the latest trends in the IT.

Trying to gain knowledge from the lecture.

Date: 08-12-2017

Activity Name:

A Guest Lecture on "THE DAWN OF NEW SAGA IN MACHINE LEARNING".

Resource Person: Dr. M.N. Murthy,
Professor,
IISC,
Bangalore

Faculty Coordinator: Ms. M. Swapna

Description:

The objective of this lecture is to let students know about the machine learning. It mainly focuses on the development of computer programs.

Dr. M.N. Murthy is explaining "What is ML?".

classmate

PAGE

--	--	--	--

Faculty and Students are gaining Knowledge related to Machine Learning.

Dr. M. N. Murthy is speaking about The Supervised Learning i.e., how it is been used in IT Industry.

Date: 16-12-2017

Activity Name:

A Guest Lecture on "RECENT TRENDS ON IT PROSPECTS".

Resource Person: Mr. G. Naga Venkata Suresh,
Consultant,
AIM Deloitte,
Hyderabad

Faculty Coordinator: Mr. B.L.V Vinay Kumar

Description:

The Objective of the Lecture is let students know about the Recent Trends on IT Prospects. The lecture focused on the topics which helped the IT Industry to Shine well.

Mr. G. N. V. Suresh is introducing about himself and about the lecture he is giving.

classmate

Mr G.N.V Suresh is interacting with students and knowing their ideas about the "Recent trends in IT".

Students are actively participating in session. Interacting actively with Mr G.N.V. Suresh.

Date: 26-12-2017 to 28-12-2017

Activity Name:

A three day workshop on "BIG DATA".

Resource Person: Mr. G. Suresh

Faculty Coordinates: Mr. M. Santosh,
Ms. K. Suneetha,
Mr. K. Nagahaju

Description:

This workshop is conducted by the CSI. The objective of this session is to let student know about the Big Data i.e., how the large data sets are analysed.

Date: 04-01-2018 to 06-01-2018

Activity Name:

A Three day workshop on "WEB DEVELOPMENT USING WORD PRESS"

Resource Person: Mr. M. Santhosh,

Assistant Professor,

Department of IT,

GVPCW

Mr. V. Lakshmana Rao,

Assistant Professor,

Department of CSE,

GVPCW

Mr. G. Sankara Rao,

Assistant Professor,

Department of CSE,

GVPCW

Faculty Coordinators: Mr. M. Santosh

Ms. K. Suresha

Ms. K. Nagaraju

Description:

The objective of this workshop is to give detailed analysis about how wordpress system is used to build website easily. PHP and MySQL are discussed which are necessary components for building a website.

Date: 06-02-2018 - 07-02-2018

Activity Name:

A Training program on "TECHNICAL CONCEPTS OF 'C'".

Resource Person: Dr. N.B. Venkateswarulu, professor
Department of CSE,
GVRCEW.

Faculty Coordinators:

Mrs. M. Swapna

Mrs. R. Sridevi

Description:

The objective of this program is to train students about technical concepts of C which is useful for programming in C. Some of the program puzzles are solved in this program.

Date: 17-02-2018 - 18-02-2018

Activity Name:

A two day workshop on "WEB DEVELOPMENT IN PYTHON USING, DJANGO" by Mr. P. Raja Sekhar.

Resource Person: Mr. P. Raja Sekhar,
Soliva Labs

Faculty Coordinator: Mr. K. Purushotham Naidu
Ms. B. Vijaya Lakshmi

Descriptions:

This workshop is conducted by the CSI. The objective of this workshop is to let student know how Python is useful in developing the projects using Django.

Mr. P. Raja Sekhar is explaining about the Python using Django.
classmate

These are the students who attended the Invent

This is an Hands-on Session where student practically do work.

Date: 09-03-18 - 11-03-18

Activity Name:

A 3-Day National Workshop on "BIOLOGICAL INSPIRED COMPUTING & APPLICATIONS" sponsored by Science and Engineering Research Board, Dept of Science & Technology, India. Organised by Dept. of CSE & IT, GVP college of Engineering for Women.

Resource person:

Technical Sessions

prof. Ganapati Panda, IIT Bhubaneswar

prof. B. K. Panigrahi, IIT Delhi

Dr. G. S. RamMurthy, IIIT Hyderabad

Dr. Birendra Biswal GVPCE(A) Visakhapatnam

Laboratory Sessions

Ms. Sasmita Panda, PhD Scholar, IIT Kharagpur

Description:

The objective of this workshop is to give detailed analysis about how Bio-inspired computing method used in research which is necessary for addressing highly complex problems.

students & faculty actively participating in the session and learning about how Biological inspired computing used in research

Ms. Sasmita Panda interacting with students & faculty in the laboratory session.

Explaining how biological-inspired computing is useful for research.

Date :- 22-03-18 - 24-03-18

Activity Name: A 3-day National workshop on "CRYPTOLOGY & CYBER SECURITY" sponsored by Cryptology Research Society of India, Kolkata Organised by Dept of CSE & ECE, Gvp College of Engineering for women.

Resource person:

1. prof. R. Balasubramanian, president, cryptology Research Society of India, Kolkata and Director Institute of Mathematical Sciences, Chennai.
2. prof. Bimal Kumar Roy, General Secretary, cryptology Research society of India, Kolkata and Ex-Director, Indian statistical Institute
3. prof. C. Pandu Rangan, Dept of CSE, former Director IIT Madras.
4. Dr. Shri Kant, professor, RTDC, Sharda University Ex-Director, DRDO.
5. prof. Ganapati panda, Emeritus professor, IIT Bhubaneswar
6. prof. P. S. Avadhani, principal, AU College of Engineering (A), Visakhapatnam.
7. prof. M. S. Prasad Babu, vice principal, AU College of Engineering (A), Visakhapatnam
8. prof. P. V. G. D. Prasad Reddy, former Rector, AU
9. Dr. Y. V. Subba Rao, school of computer and information Sciences, University of Hyderabad.
10. Dr. Kannan Srinathan, IIT Hyderabad
11. prof. J. Madan Mohanram, GVPCE (A)

Description:

The objective of this workshop is to taught about Basics of cryptology, Block chain technology, Proxy-re encryption and cyber security cryptography fundamentals and application

participated in the workshop and finally members actively participated in workshop

Dr. Sita RamaBrahmam explaining about concepts of machine Learning.

Dr. Sita RamaBrahmam interacting with students and posing questions to students about Machine Learning.

Date: 28-04-2018 - 10-07-2018

Activity Name:

A Training Program on "MACHINE LEARNING".

Resource Person: Dr. S. Rama Brahman, Senior Data Scientist, TCS Hyd

Dr. Birendra Biswal, Professor Dept of ECE, GVPCE(A)

Mr. B. L. V. Kumar, Asst. professor, GVPCEW

Faculty coordinators:

Mrs. M. Swapna

Mrs. K. N. Chitra

Students interacting with Sita Rama Brahman and clarifying their doubts.

Students actively participating in the session by asking their doubts about Machine learning concepts.

Site Rama Brahman clarifying doubts of students.

Invitation

*The students and the faculty of the Department of Electronics
& Communication Engineering,
G V P College of Engineering for Women
Visakhapatnam*

*Take pleasure in inviting you to the Inaugural Function of the
Electronics & Communications Learners' and Teachers'
Association (ETLTA-A) at 1.30 PM on Wednesday, the 5th
October, 2016 in the College Auditorium*

Dr. D. N. Madhusudhana Rao

Professor & Head of the Department will preside over the function

Chief Guest

Mrs. Pemmaraju Padma Savitri

Scientist (G), BARC, Visakhapatnam

Guest of Honor

Prof. K A Gopala Rao

Principal, GVPCEW

Students & Faculty

Department of ECE, GVPCEW

5th October, 2016

The inaugural function of ECCAT Association the academic year 2016-2017 was held on 5th Oct, 2016. The meeting was presided over by the H.O.D. and honorary president of the association Prof. D. Madhusudhan Rao. The chief guest was Mrs. P. PadmaSavitri, Scientist at BARC, Visakhapatnam.

At the beginning Miss. K. V. Anuradha of III ECE welcomed the gathering of students, faculty and other guests to the meeting and handed over the proceedings to the president.

The proceedings began with a prayer by K. V. Anuradha and Sreethi of IV ECE. The president, Prof. D. N. Madhusudhan Rao in his opening remarks talked about the generational changes and dispelled the notion generally held that standards are falling with each passing year. He said that new standards are set by each generation and it is the duty of everyone to see that the new standards are better than the ones they are replacing. He also briefly mentioned about the aims and objectives of ECCAT Association.

He extended a warm welcome to the chief guest Mrs. PadmaSavitri and thanked her for accepting the invitation. He further mentioned that the meeting coincides with birth and death anniversaries of **Robert. H. Goddard**, considered "Father of modern rocketry" for space exploration, **Steve Jobs** of "Apple Industries" respectively.

SPEECH BY - DR. D. N. MADHUSUDHAN RAO
(Honorary President)

Members of ECLAT Association (2016 - 2017):

1. Prof. D. N. Madhusudhan Rao (H.O.D.) - Honorary President
2. Miss. B. Revathi IV ECE-1 - Student President
3. Miss. S. Pravalika IV ECE-2 - Vice President
4. Miss. Ch. Bahithi III ECE-1 - Secretary
5. Miss. G. Jahnvi III ECE-2 - Joint Secretary
6. Mr. N. V. Maheswara Rao (Asst. Professor) - Treasurer
7. Mrs. B. Vijaya Lakshmi (Asst. Professor) - Teachers Representative
8. Miss. Ch. Jahnvi IV ECE-1 - Member
9. Miss. G. Devi Mahalakshmi IV ECE-2 - Member
10. Miss. K. V. Anuradha III ECE-1 - Member
11. Miss. Meihuma III ECE-2 - Member
12. Miss. K. Arshwarya II ECE-1 - Member
13. Miss. Bai Harshitha II ECE-2 - Member

A speech was given by student's president, Miss. B. Revathi of IV ECE thanking all the students for the active participation. She explained the objectives and goals of the association. She also requested every member of the association to feel responsible for the development.

Later, Miss. Fahamida Khannum of III ECE welcomed the students of II Year into the association and congratulated them for choosing one of the best colleges. Miss. K. Arshwarya of II ECE responded by thanking the seniors for such a warm welcome.

GATHERING AT THE VENUE (AUDITORIUM)

Our director Prof. C. Bhaskar Sharma, the guest of honour, firstly congratulated all the elected members of the association. He also spoke a few words about the achievements of Chief Guest.

SPEECH BY PROF. C. BHASKAR SHARMA

Mrs. M. Manikumari, Asst. Professor introduced the Chief Guest.

INTRODUCTION OF THE CHIEF GUEST BY MRS. M. MANIKUMARI (ASST. PROFESSOR)

Our honorable Chief Guest in her inaugural address explained the various opportunities for women in public sector organisations. She also explained about the various departments involved in BARC. Further she added that the facilities and growth in public sector jobs are better compared with the private sector jobs. She advised the students to join public sector and serve the nation. Lastly, she concluded by conveying her best wishes to the students in their endeavours.

SPEECH BY THE CHIEF GUEST MRS. P. PADMASAVITRI

Before closing the chief guest distributed prizes to the winners of different events conducted by ECCAT Association and academic toppers.

PRIZE DISTRIBUTION BY THE CHIEF GUEST

Finally, Miss. S. Jahnavi, Joint Secretary of FEAT-A proposed a vote of thanks.

VOTE OF THANKS BY S. JAHNAVI (JOINT SECRETARY)
iii ECE-2

Nice opportunity to interact with students of Dept of ECE & faculty of ECE. & to give a talk on opportunities to work in core field.

I find the college is highly disciplined & support of faculty to students is excellent. Infrastructure like spacious class rooms & laboratories are good.

I wish success to students of ECE dept, CVP Engineering college.

Ms. P. Padma Sarithi
Scientist (G) BARC vizag.

P. Padma Sarithi

DEPARTMENT OF BASIC SCIENCES AND HUMANITIES

REPORT

Date: 27/09/2018

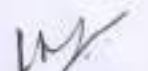

The environmental club Eco-Tech club of GVP college of Engineering for Women, conducted various events on the **theme- "Effective methods to reduce the use of plastics in daily life"**, for the students. The event coordinators were Dr. Rani Prava Nanda, Asst. Prof. Chemistry and Dr. Rajesh Babu, Asst. Prof. Physics

1. **Power point presentation competition** on the theme - **"Effective methods to reduce the use of plastics in daily life"**, was conducted on 30-07-2018 in college auditorium from 2.00 to 5.00 p.m. There were 46 participants for the competition. The Chief guest and judge for the event was Prof. Aditya Mukherjee, Department of Chemical Engineering, GVP college of Engineering (autonomous), Visakhapatnam. Prof. Mukherjee explained about the need for research on alternative materials to replace plastics which are biodegradable.

2. **Poster presentation competition** on the theme - **"Effective methods to reduce the use of plastics in daily life"**, was conducted on 25-09-2018, there were 20 participants.

3. **Craft exhibition cum display competition** of articles made from waste plastic materials was conducted on 25-09-2018, there were 15 participants. Aim was to lay emphasis on recycling plastics.

Department of Electrical and Electronics Engineering

Organizes

A WEBINAR ON

Energy Audit and Management:

Importance and Career Perspective

on

29th August, 2020

Time: 10:00 AM to 12:30 AM

INSTITUTION

G.V.P. College of Engineering for Women is established under the aegis of Gayatri Vidya Parishad, an educational society founded by eminent academicians, industrialists, and philanthropists of Visakhapatnam. To empower women in technological and engineering fields, the society has established this engineering college exclusively for women in the year 2008. It is a self-financed institution offering excellence in engineering education and is affiliated to Jawaharlan Nehru Technological University, Kakinada (JNTUK), approved by AICTE, New Delhi.

The College is offering UG courses in ECE, EEE, CSE, IT and a PG Course in ECE. The college is accredited by NBA for ECE, CSE and IT. The institute has very good infrastructural facilities, e-classrooms, and well equipped laboratories. The college has well qualified faculty to train the women engineers who are in pursuit of their professional careers in the courses offered by the institute.

ABOUT EEL DEPARTMENT

The department of Electrical and Electronics Engineering was established in 2011 and offers B.Tech Program in EEE. The Department is well established with experienced faculty having multiple years of experience and involved in research activities in the areas of power systems, renewable energy systems, control systems and advanced power electronic drives. The department has state-of-the-art laboratories with advanced software and hardware to facilitate research in major areas of EEE. The department flourishes in its enthusiastic and energetic environment comprising of the major fields of Electrical, Electronics and Elements of Computer Science.

ABOUT THE TOPIC

Energy Audit (EA) is an integral part of energy conservation and energy management. EA for an organization is defined as "the verification, monitoring and analysis of use of energy including submission of technical reports containing recommendations for improving energy efficiency with cost benefit analysis and an action plan to reduce energy consumption." Hence, EA is the

index of the consumption which normalizes the situation of energy crisis by providing the conservation schemes.

OBJECTIVE OF THE WEBINAR:

Industrial energy audit is an effective tool in defining and pursuing comprehensive energy management program. A detailed energy audit will help owners to understand about the ways energy is being used in their organizations, and identifying the energy wastage areas provide scope for conservation of energy. Such an audit program will help to keep focus on variations that occur in the energy costs, availability, and reliability of supply of energy, help decide on the appropriate energy mix, identify energy conservation technologies, retrofit for energy conservation equipment, etc. The major areas of discussion are as follows:

- Energy Audit concept and its relationship with environment
- Career opportunity for Young Minds as Energy Manager/Energy Auditor
- Create awareness on Energy Management and Auditing
- Saving opportunities in Lighting and Energy saving in residential sector

RESOURCE PERSON

Mr. R. V. Ramana Rao
SE, APEPDCL (Retd.),
Certified Energy Auditor,
Electrical Safety Auditor,
Faculty Member, PCRA

ABOUT THE RESOURCE PERSON

Mr. R V Ramana Rao received his B.E. degree from Andhra University. He also pursued his B.L. He retired as Superintending Engineer, Eastern Power Distribution Ltd (Formerly APSEB) after working for 33 years. He is a Member of Expert panel on Electrical Safety; National Safety Council of India. He is also a Chartered Engineer (IEI). He is a certified Energy Auditor/Bureau of Energy Efficiency (EA1600), Ministry of Power New Delhi. He is a Lead

Auditor ISO 9001 (QMS) & 14001(EMS), 50001(EnMS), OHSMS 45001. He is also an External Faculty Member PCRA- Ministry of Petroleum, New Delhi and REC Power Management Training Institute. He is also an Empaneled Electrical Safety auditor in Quality Circle Forum of India, Indian Register of Shipping and National Safety Council India. He has a vast experience in Electricity Generation, Transmission, Operation & Maintenance of Distribution systems, and Construction of 33/11KV substations.

REGISTRATION:

No Registration fees.

WHO CAN PARTICIPATE?

The webinar is exclusively for present and passed out students of EEE, GVPCEW.

E-certificates will be sent to the participants after attending the quiz followed by webinar.

REGISTRATION FORM

Click on the below link for registration form.

<https://tinyurl.com/v6fzqkkl>

All the participants will be sent the meeting link one day prior to the webinar.

To: R V S, Lakshmi Kumari <sharmalaks@gvpcew.ac.in>

Dear Madam Good Morning

Please find herewith my CV as required. If you want you can edit keeping some important points in my CV.
I request you to give me the date and time to keep my self ready little in advance. How many participants and which year students.
How much time you can spare for the lecture.

I will take up the following Topics

1. Energy Audit concept and its relation ship with environment.
2. Energy saving opportunities in Transformers, induction motors including efficiency calculations in the field.
3. RKVA management and harmonics measurement analysis and control methods.
4. Saving opportunities in Lighting and Energy saving in residential sector. (Common mistakes done by residential consumers due to ignorance and innocence, resulting energy loss)

The above topics plus more will be taken up depending on availability of time. Other wise we can take up in next occasion. In the similar way we can take up on Awareness on Electrical safety which is most important now days as there are more accidents taken place in industries. The youngsters should know about the route cause than the reactive measures. Normally every one neglect about electrical safety till some thing happens, when once accidents takes place no body can stop it. You know that In Srisailem project it is estimated Rs 1000 Cr. of property loss besides loss of human life (9 persons)

Thank You very much
Best Wishes and Regards

Good Evening Sir

I am Dr R V S Lakshmi Kumari, heading the Department of EEE, Gayatri Vidya Parishad College of Engineering for Women, VIZAG.

Our faculty Dr Hema Chander has requested you regarding the delivery of a lecture on Energy Audit over Phone Conversation. Thank you very much sir for accepting our invitation.

On behalf of the Department of EEE, once again I would like to request you to deliver a lecture on Energy Audit for our students for the benefit of their career and also getting knowledge in the present scenario in the field of Electrical Engineering.

Really this is a very great opportunity for all of us sir.

Sir kindly acknowledge this mail with your resume to introduce to the gathering.

Thanks and regards

Report On Webinar

TOPIC: Energy Audit and Management: Importance and Career Perspective

Speaker: Mr. R.V.Ramana Rao
SE, APEPDCL (Retd.)

Date & Time : 29th August, 2020 from 10.00 AM to 1.00 PM

The Department of EEE has organized One Day Webinar on " Energy Audit and Management: Importance and Career Perspective " and the speaker for the session was **Mr. R.V.Ramana Rao, SE, APEPDCL (Retd.)**, Certified Energy Auditor, Safety Electrical Auditor, External Faculty Member, PCRA- Ministry of Petroleum, NewDelhi and REC Power Mgt. Training Institute.

The topics covered in the webinar are as below:

- An overview of Energy and Environment and its effects
- Energy Demand Vs Emission Levels
- Cascading Effect of Efficiency during Generation, T&D and Utilisation.
- National Action plan on Climate Changes
- Sector wise Energy Consumption
- Potential Causes for Increase in Energy Demand
- Potential Energy Saving in India
- Energy Efficient Technologies
- Energy Audit and its Types and Process
- Career opportunities for Mechanical, Electrical and Chemical Engineers
- Conservation of Energy in various equipment

The participants are able to learn the fundamentals of energy audit and apply them to improve the efficiency of the system, develop solutions for improving the efficiency of the building and thereby help in improvement of environmental safety.

Abstract—Cognitive radio networks provide an opportunity for unlicensed users (secondary users) to use the allocated spectrum band when not in use by legitimate users (primary users). To use a channel or spectrum, it is required to sense the channel for the presence of primary user which is called Spectrum Sensing. In order to reduce the sensing time of spectrum and to determine the state of the channel whether it is free or not in advance, spectrum prediction techniques can be used. In this paper, different techniques and learning models that can be applied to predict the state of spectrum band for the presence of primary user are discussed.

Keywords—Cognitive Radio Networks, spectrum prediction, channel state prediction, activity modeling.

I. INTRODUCTION

With the increase in number of users, the need of spectrum has also increased significantly. However, the spectrum band or bandwidth available for the communication is limited. Federal Communications Commission (FCC) in US is one of the main central authorities that allocate and regulate the spectrum bandwidth. The FCC frequency chart shows the spectrum allocated over all the frequency bands. This chart explains the spectrum scarcity especially for the band under 3GHz. On the contrary, actual measurements that were taken in downtown Berkeley as shown in figure a distinctive utilization of 0.5% in 3-4 GHz frequency band which further drops to 0.3% in the 4-5 GHz band. This suggests that the spectrum available for communication is mostly allocated but it is often used inefficiently. To deal with the problem of spectrum scarcity and inefficient spectrum usage, FCC has permitted the unlicensed users to use the spectrum in the absence of licensed users. This provides a way to various technologies such as dynamic spectrum access, cognitive radio networks, software defined radios etc. Cognitive Radio Networks can be primarily used for this purpose due to their ability to adapt to networks conditions. A cognitive network is a network with a cognitive process that can perceive current network conditions, and then plan, decide, and act according to those conditions. The network can learn from these adaptations and use them to make its future decisions, while taking into account the end-to-end goals". Cognitive radio networks enables the unlicensed users often termed as secondary users to use the available channel bandwidth in the absence of licensed user or primary user. Since secondary users can use the spectrum band only in the absence of primary user, on the appearance of primary user appears they have to evacuate the band immediately. Thus to use a spectrum band, secondary users have a limited time period in which it has to select the appropriate band, transfer the data and evacuate the band. The major spectrum management functions are: spectrum sensing, spectrum decision, spectrum sharing and spectrum mobility.

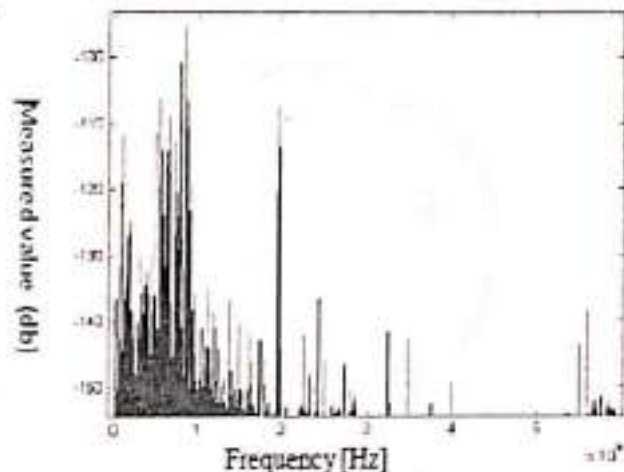

Fig. 1. Measurement of Spectrum utilization at BWRC

In order to use the available bandwidth, secondary users have to sense the spectrum for the presence of primary user, so that CR users or secondary users can dynamically use the available bandwidth. But the bandwidth is available only for a limited time period. Thus to save the spectrum sensing time and increase the efficiency of spectrum utilization, spectrum prediction or channel state prediction techniques can be used. By using channel state prediction techniques, CR user can skip sensing those channels which are predicted to be busy, hence saving the sensing time as well as energy. Figure 2 shows the tradeoff between spectrum sensing time and spectrum access time. Spectrum prediction techniques can also be used to determine the quality of service provided by the channel. A number of techniques have been introduced over a period of time to predict the channel state. Considerable amount of research is going on in this direction to provide more accurate predictions. In this paper, we discuss different methods and the research that has been done so far on the techniques that have been used for the channel state prediction.

A Brief on "Brain Fingerprinting Technology"

Kuppili Tanusha
Redg no: 17JG1A0459
ECE, GVPCEW, Visakhapatnam

Kadambala Harshitha
Redg no: 17JG1A0445
ECE, GVPCEW, Visakhapatnam

Abstract—Brain Fingerprinting is a new computer-based technology to identify the perpetrator of a crime accurately and scientifically by measuring brain-wave responses to crime-relevant words or pictures on a computer screen. Brain fingerprinting is based on finding that the brain generates a unique brain wave pattern when a person encounters a familiar stimulus.

Keywords: *Brain fingerprinting, Unique brain wave pattern, magnetic resonance.*

I. INTRODUCTION

In the field of criminology, a new lie detector has been developed in the United States of America. This is called "brain fingerprinting". This invention is supposed to be the best lie detector available as on date and is said to detect even smooth criminals who pass the polygraph test (the conventional lie detector test) with ease. The new method employs brain waves, which are useful in detecting whether the person subjected to the test, remembers finer details of the crime. Even if the person willingly suppresses the necessary information, the brain wave is sure to trap him, according to the experts, who are very excited about the new kid on the block. Brain Fingerprinting is a controversial proposed investigative technique that measures recognition of familiar stimuli by measuring electrical brain wave responses to words, phrases, or pictures that are presented on computer screen. Brain fingerprinting was invented by Lawrence Farwell.

II. BRAIN FINGERPRINTING

Brain Fingerprinting is based on the principle that the brain is central to all human acts. In a criminal act, there may or may not be many kinds of peripheral evidence, but the brain is always there, planning, executing, and recording the crime. The fundamental difference between a perpetrator and a falsely accused, innocent person is that the perpetrator, having committed the crime, has the details of the crime

stored in his brain, and the innocent suspect does not. This is what Brain Fingerprinting detects scientifically. Brain fingerprinting is a controversial technique that is advocated as a way to identify a terrorist or other dangerous person by measuring the "brain print" of that person when shown a particular body of writing or an image that was previously familiar (such as of a training camp or manual). The brain print is based on the P300 complex, a series of well-known brainwave components that can be measured. The technique is said to be more effective than a lie detector test. Brain fingerprinting is based on finding that the brain generates a unique brain wave pattern when a person encounters a familiar stimulus. Use of functional magnetic resonance imaging in lie detection derives from studies suggesting that persons asked to lie show different patterns of brain activity than they do when being truthful. Issues related to the use of such evidence in courts are discussed.

III. TECHNIQUE

When a crime is committed, a record is stored in the brain of the perpetrator. Brain Fingerprinting provides a means to objectively and scientifically connect evidence from the crime scene with evidence stored in the brain. (This is similar to the process of connecting DNA samples from the perpetrator with biological evidence found at the scene of the crime; only the evidence evaluated by Brain Fingerprinting is evidence stored in the brain.) Brain Fingerprinting measures electrical brain activity in response to crime-relevant words or pictures presented on a computer screen, and reveals a brain MERMER (memory and encoding related multifaceted electroencephalographic response) when, and only when, the evidence stored in the brain matches the evidence from the crime scene. Thus, the guilty can be identified and the innocent can be cleared in an accurate, scientific, objective, non-invasive, non-stressful, and non-testimonial manner.

MATHEMATICAL SCIENCES CLUB

RAMANUJAN BIRTHDAY CELEBRATIONS

Date: 12-12-2019

CIRCULAR

We are happy to inform all the students of GVP College of Engineering for Women that the Mathematical Sciences Club is organizing the following events on the eve of 133rd Annual Birthday celebrations of the great Indian Mathematician "Sri SRINIVASA RAMANUJAN" in the college premises.

Events:

1. **Power Point Presentations on Application of Mathematics in the areas of (a) Biology (b) Medicine (c) Engineering (d) Technology**

NOTE: Presentation should be specific to any one area of choice

Date: 19-12-2019 (Time: 2:00PM onwards)

Eligibility: All B. Tech pursuing students (Team of 1 or 2 members)

Venue: English Lab

2. **Model GATE Mathematics Exam**

Date: 20-12-2019 (Time : 12.30 PM – 1.30 PM)

Eligibility: B. Tech 3rd and 4th Year Students

Syllabus: GATE- 2019, Section 1, Engineering Mathematics, Branch wise

3. **Celebrations (3:20PM to 5:00PM)**

Date: 21-12-2019

Venue: Auditorium

The students who are interested to participate in any of the events are hereby informed to give their names to Dr. A. Kameswara Rao or Mr. V.S.S.V.D. Prakash on or before 16th December, 2019 by 12.00 noon.

INVITATION

We are happy to inform the entire faculty that the **Mathematical Sciences Club of GVP College of Engineering for Women** has organised a series of events on 19th and 20th December 2019 in the college premises on the eve of 133rd Annual Birthday celebrations of the Great Indian Mathematician Sri Srinivasa Ramanujan.

With all your kind support and encouragement a huge number of students have participated with great enthusiasm and good spirit in the events. Mathematics Day Celebration will be held on 21st December, 2019 in the college auditorium at 3.20 pm. All are requested to attend and make the event a grand success.

Dr. M. Phani Krishna Kishore, Professor, Department of Information Technology, GVP College of Engineering will grace the occasion.

Thanking you all,

Mathematical Sciences Club

Subject: Invitation for Guest Lecture.

Dear Sir,

We are pleased to inform you that Mathematical Sciences Club is planning to conduct a Guest Lecture on 21/12/2019 in GVP College of Engineering for Women, Madhurawada, Visakhapatnam to commemorate birthday anniversary celebrations of Sri Srinivasa Ramanujan and to enlighten our students.

We request you to address our students and deliver a guest lecture on 21st December, 2019 in GVP College of Engineering for Women, Visakhapatnam. The target audience are members of Mathematical Sciences club and the students of first year.

Thanking You.

Yours faithfully,

G.V.P. COLLEGE OF ENGINEERING FOR WOMEN

MATHEMATICAL SCIENCES CLUB

REPORT

On the eve of birthday anniversary celebrations of Sri Srinivasa Ramanujan Mathematical Sciences Club conducted several events.

The following are the events conducted

1. Power Point Presentations on Application of Mathematics on 19-12-2019 (for all B. Tech pursuing students) in the areas of
(a) Biology (b) Medicine (c) Engineering (d) Technology
2. Model GATE Mathematics Exam on 20-12-2019 (for 3rd and 4th B. Tech Students) in the syllabus GATE- 2020, Engineering Mathematics.
3. Birth Anniversary Celebrations of Sri Srinivasa Ramanujan on 21st December 2019.

Students actively participated in PPT on the application Mathematics, Prof. K.V.S Rao, Principal, GVPCEW, Dr.. K.L.Sai Prasad acted as Judges to the Power Point Presentations made by the students.

A Mock GATE exam based on the Mathematics syllabus given for GATE 2020 was conducted. 110 students have attempted the exam.

On 21st December 2019, celebrations were held in the auditorium, Prof. Dr. M. Phani Krishna Kishore, Professor, Information Technology, GVP College of Engineering (A) delivered a invited talk on the Mathematical Applications to Computer Science and Information Technology.

In the lecture, the speaker advised all the students to get inspired by the great personality of Srinivasa Ramanujan for his passion and love towards Mathematics which led to many discoveries. He also felt that to achieve success in any field one should enjoy learning. He then elaborated the contribution of Ramanujan in the field of Mathematics. His lecture was mainly concentrated on Applications of the mathematical concepts that were included in the curriculum of B.Tech courses. He explained how the Golden ratio inspired Structural

engineers, Biologists, artists, musicians, historians, psychologists. He mentioned the contributions of Codd to Computer Science by the invention of relational model for database management and explained how the relational algebra was used to develop the theory. The speaker elucidated the importance of Page Rank (PR) algorithm used by Google Search to rank websites in their search engine results by counting the number of quality of links to a page to determine a rough estimate of the importance of a website. He also stressed upon the importance of Fourier series and Transforms in Signal Processing and Image Processing. He elucidated how the Fast Fourier Transforms (FFT) are used in processing of digital signals and conversion of time domain to frequency domain.

Finally, he concluded by mentioning the importance of the Number Theory in Cryptography and the remarkable discoveries of Sri Srinivasa Ramanujan in this field. Students appreciated the importance of Discrete Mathematics in the foundation for Programming and Computer Science. All the students are excited by his lecture. At the end of the program prizes were distributed to the winners in the various events conducted.

GAYATRI VIDYA PARISHAD COLLEGE OF ENGINEERING FOR WOMEN
Madhurnwada :: Visakhapatnam – 530 048

No.GVPW/G1/18/08

Date: 24/01/2018

CIRCULAR

Republic Day Celebrations – 2018 will be celebrated in the GVP College of Engineering for Women Campus on Friday the 26th January, 2018.

Sri A S N PRASAD garu, President Gayatri Vidya Parishad will hoist the National Flag at 8.15 am and deliver his message.

As this is a function of National Importance, students, staff and faculty of GVP College of Engineering for women are hereby advised to attend without fail.

All the students are also advised to attend the function preferably in white dress or any light shaded dress.

From Gopalapatnam (via Srikanya-NRI)	:	07.00 AM
From Gajuwaka (highway)	:	07.00 AM
From Seethammapeta (via Jagadamba-MVP)	:	07.00 AM

All the students, staff and faculty are advised to stay 5 minutes before at your respective stops as per the schedule given above

NOTICE

DATE: 22-02-2019,
VISAKHAPATNAM

On the occasion of SCIENCE DAY dated on: 28-02-2019 ECLAT-A is going to conduct TECHNICAL QUIZ for the 1st, 2nd and 3rd year students. The venue is at AUDITORIUM. ECLAT-A cordially invites you to be a part of this event dated on 23-02-2019 from 2:30pm to 5:00pm. We believe that your presence will encourage our students to work hard.

PRESIDENT OF ECLAT-A: Pravalika(4th ECE-1)
VICE-PRESIDENT OF ECLAT-A: N.Tripura(4th ECE-2)

Coordinators:

- 1) B. VIJAYA LAKSHMI, Asst. Prof
- 2) N. V. MAHESHWARA RAO, Asst. Prof

REPORT ON INAUGURAL CEREMONY OF THE S.P.I.K.E. 2021-22

Date: 18-12-21

The inauguration of the new SPIKE year 2021-22, for the Information Technology branch student association was held on 18/12/21. The chief dignitary of the day was Mr. T. Suresh. The other dignitaries present were Principal Prof. R.K. Goswami and Head of the department prof. Dr.D.K.Bebbartha.

The ceremony commenced with a prayer song by the college classical singing team. This was then followed by the ceremonious lighting of the lamp by Mr. T.Suresh Kumar, Mr.R.K.Goswami, Dr.D.K.Bebbartha and by SPIKE student president Ms.N.monisha.

The prayers were then recited, followed by the dignitaries' speech. The principal added enlightenment to the event and enhanced the collective ambience.

This was then followed by the Head of the Department addressing the student body, with an elaborate and effective presentation on creating a nexus between self-learning and Collective learning. The presentation stressed on the importance of doing things and not just learning them including the list of latest technologies and how to learn them.

A short while later, Management introduced the student coordinators team of SPIKE. The entire team was congratulated for their endeavour and the faculty who supported this team. Faculty coordinators and the board of SPIKE members were acknowledged for extending their constant support in designing and fabricating the SPIKE. All the board of spike member students were facilitated with a badge of their designation and the new team were introduced to the students.

The President of SPIKE Ms. N. MONISHA, a student from Final year I.T, has taken a presentation covering the objectives, Mission and Vision of SPIKE followed by events conducted so far, events planned to be executed in future.

A gist of all successful students from SPIKE was projected to enhance the spirit of fellow students and show how things are possible.

DEPARTMENT OF INFORMATION TECHNOLOGY

The guest speaker Mr.T.Suresh had been invited to address all students on this day. He is a lead consultant at Wipro limited, who has 7 years plus experience.

The speaker stressed on the importance of thinking ahead of times and planning for trending technologies in the present time itself, as it is these advanced technologies which would be in control of many essential areas in the near future. The main focus of his talk was on being innovative and looking ahead into the future.

He started his speech by talking about the important gametes of I.T. Engineering like Effective Learning, Performance, Learning and development, and Industrial relation. Then he spoke about the actual market expectations from the students. The students were able to know about the various skills that are required. Being an informative speaker, he then shared the skills required for a leader to excel in the job. Those are honesty, Integrity, communication & behaviour and up-skilling oneself. He also insisted that knowing about the company and the field they work is very important.

He then explained about the various Trends in the I.T field as Demographic changes, between education (learning Vs practical), Smart work, updating ourselves, Industrial readiness, ability to solve a real-world problem with the best optimised and effective solution.

Having comprehensive work experience, he also explained about other trends like Merging of different Engineering branches together as a collective in the industry, Remaking the performance reviews, Development in the human side of the Information Technology, Priority engagement of the work, about more millennials, Renewed focus on productivity and also about globalization. He also insisted that all students have to be strong at python. Because python is ruling the Software side of the society.

It was very informative and interactive that the students were able to know about the company's actual expectations from students and also about various trends in I.T. The lecture was even more interesting with the examples he gave relating to each topic. It was wonderful Knowledge sharing and gaining lectures regarding the I.T trends.

Wipro

Lead Consultant (Enterprise Mobility Management-MDM Solution Architect)

December 2014 - Present (7 years 1 month)

- *** 15+ years of IT experience in Datacom, Telecom & E-Mobility domains
- *** 8 years of experience in Consulting, design and implementation including Enterprise Mobility Management (EMM) solution, MDM Plan and design and Migration strategy with large organizations.
- *** Successfully executed 10+ Enterprise-wide mobility strategy consulting assignments which led to EMM/MDM solution transformation programs in domains of Travel, Pharma, Engineering and Financial Services.
- *** Expertise in Analysis of Risks and benefits of various enterprise-class EMM/MDM (AirWatch, MobileIron and Intune) solutions and their integration with Apple VPP, Apple Device Enrollment Program (DEP) and Android Enterprise to ensure scalable and secure solutions.
- *** Expertise in implementing both on premise and Cloud EMM/MDM solution and its integration with AD/LDAP, Exchange/O365, Certificate Authority (CA), Content Repository (SharePoint) and SSO/AD for large corporations.
- *** Expertise in EMM implementations of various EMM Products (AirWatch, MobileIron, Intune, Good and SOTI)
- *** Experience in managing all kinds of devices and managed more than 5 devices.
- *** Mentored corporations in defining Enterprise and BYOD device policies EMM/MDM security policies for both iOS and Android platforms in compliance with organization needs.
- *** Expertise in overcoming organizational challenges, identifying key resources, managing mobility project Planning, direction, controlling and evaluating Operational risks for successful project delivery.
- *** Experience in integration of Cisco ISE with MobileIron MDM solution, migration of MDM Solutions.
- *** Handled 10+ accounts and acting as the Tower Lead for all MDM activities.
- *** Holding a valid Canada B-Visa.

*** Delivered 10+ Corporate trainings to Clients on MobileIron / AirWatch / M
Intune.

DEPARTMENT OF INFORMATION TECHNOLOGY
SPIKE INAUGURAL EVENT

Date: 18-12-2021

Expert Talk by Chief Guest:

- The student needs to be honest and project the skills that are good enough for the company to hire them.
- The industry now follows day productivity and only if the fresher is good at least two or three digital technologies are employed and deployed directly into the projects without longer training periods.
- Freshers are expected to do Projects on different domains.
- Students are advised to do mini projects so as to get exposure to the domain and present their work to the classmates there by exchange of ideas and improvising the understanding of different domains.
- Awareness of digital technologies is important for the freshers to get into the IT industry.
- Since there is transformation towards digital in the IT industry hence digital technologies need to be known.
- Knowing the latest trends, latest frameworks, and digital tools will increase the chances of getting employed.
- Students need to be focused on python programming to work with most of the IT industry.
- It is important to have required skills and to have the right attitude for employment.
- When the freshers are employed based on their skills and knowledge and are directly deployed into the projects.

Spike Event: Inaugural Session

Introduction to SPIKE by

PRESIDENT – SPIKE

A warm welcome to our honourable chief guest Mr. Suresh Kumar Tankala, principal Dr. Ram Kumar Goswami sir, Vice Principal G. Sudheer sir, Head of Department of IT Dr. Dwiti Krishna Bebarta sir, other departments HODS beloved teachers, my dear friends and everyone gathered here.

I am Monisha Nadupuru, President of the SPIKE. On behalf of all students and my department I extend a heartfelt thank you to our chief guest Mr. Suresh Kumar Tankala who spared time from his busiest schedule to grace our occasion. The Department of IT Strives to produce competent professionals who are technically sound and ethically strong for the IT industry. To full this the Spike is formed. The spike is student panoply of information and knowledge Enhancement.

SPIKE is a student club of Department of Information Technology. SPIKE aims at development and enhancement of skills among students. It does that by conducting various assessments where the aptitude and reasoning skills of the students are tested. Many companies like IBM, Cognizant etc conduct gaming assessments to test the reasoning skills. By participating in such events students gain a lot of knowledge and experience. The contest like fun with code, coding contests etc enhance the coding skills of the students and make them placements ready.

Critical thinking assessments test the ability to use a range of logical skills to evaluate given information and make a judgement. It helps the students to make the best decisions.

The events conducted by SPIKE improves the academic as well as makes the students skillful and knowledgeable to face the real world.

SPIKE provides an efficient way to connect with fellow students and receive support and guidance from the knowledgeable mentors. It provides a environment for sharing ideas, thoughts and knowledge. Students become skillful and efficient in solving problems. It is a privilege to speak in front of you sir. I thank you all for giving me this opportunity.

Spike Event: Inaugural Session

Events description and Prize distribution by

VICE PRESIDENT – SPIKE

A very pleasant afternoon to the dignitaries faculty members and all my dear friends present here. I Priya Bhavana V N Dwaram, Vice President SPIKE, stand before you to present the report of events held by Spike club in the current academic year.

Event: 1

The first event was held to elect the body members of spike club.

Polling was conducted and the members were chosen from third and fourth years of IT branch.

The final elected body members of SPIKE are:

PRESIDENT	NADUPURU MONISHA	IV IT
VICE PRESIDENT	PRIYA BHAVANA V N DWARAM	IV IT
SECRETARY	BHAVYA PADMANABHUNI	IV IT
JOINT SECRETARY	SAHANA VADDI	III IT
TREASURER	SISTA SAI VENKATA TEJASWINI	III IT

Post Polling session an interactive logo and programming quiz competitions were conducted.

The logo quiz had different logos of companies

It was a small test of knowledge for the students to get to know and identify the companies they are going to step in near future

The program in quiz had four languages C, C++, Python, Java code snippets

Students have to predict the output from the automata codes

This event was held keeping in view the present assessment pattern is being conducted by the various companies.

DEPARTMENT OF INFORMATION TECHNOLOGY

Event: 2

The second event was on coding challenges

These challenges include error detection and problem-solving

Codes from basic coding languages were displayed and students are asked to detect and correct the codes

Students were given to hacker Rank problems and asked to solve in the given time limit

Solving the questions in the given time limit will help them to crack the competitive exam problems

The main Moto behind conducting such an event is to help students explore and analyze different types of real time problems

It also provides hands on experience to the contestants

Event: 3

The third event was a crossword into gaming assessment.

This was an innovative challenge for students to search for words based on hints and by doing so they get a chance to understand and re-collect their programming basics and improve their cognitive skills

Gaming assessment includes questions in the form of visuals and patterns from which students have to pick the right answer.

An interactive session was conducted to the students of first year.

Introduction of Spike and ideas were proposed for further upcoming events.

It was great to see my course students sharing their innovative ideas for their and the club development.

Finally, this IT student activity club SPIKE (Student panoply of information and knowledge enhancement) brings Together all years of IT students to enhance knowledge and grow their technical as well as interpersonal skills.

Spike Event: Inaugural Session

Vote of thanks by

SECRETARY- SPIKE

A warm and graceful Afternoon to our most valued Honourable Chief guest Sri Suresh Kumar Tankala sir, our principal Prof (Dr.) RK Goswami sir, our HOD Dr. Dwiti Krishna Beharta sir, beloved teachers, my dear friends and everyone gathered here today.

On behalf of all the students and department I Bhavya Padmanabhuni Secretary SPIKE, would like to thank our chief guest Sri Suresh Kumar Tankala sir who spared time from his busiest schedule to grace the occasion. Today we had an opportunity to hear your thoughts and this will surely be going to encourage us in our future events your thoughts have enlightened our minds and shown us a new path.

Some of the important points that you suggested us

- That student needs to be honest and project the skills that are good enough for the company to hire them.
- Awareness of digital technologies is important for the freshers to get into the IT industry.
- Importance of learning python programming to work with most of the IT industry.

thank you, sir, for the information.

I would like to thank our HOD sir Dr. Dwiti Krishna Beharta sir for his continuous support and guidance.

As a final year student his continuous motivation in all these years helped us a lot.

I would like to thank our Principal Prof (Dr.) RK Goswami sir and Vice Principal Dr. G. Sudheer sir for providing all the resources and encouraging us in making this event happen and also inviting such an intellect guest Sri Suresh Kumar Tankala sir to this event.

I would like to thank all the faculty for guiding us in various aspects such as placements, technical and nontechnical streams.

Last but not the least I would like to thank our SPIKE coordinator Ms. M. Deepthi mam for her

continuous support and encouragement. She is the one who help us to bring our innovative ideas into action.

And I would like to thank each one of you who made this event memorable for all of us.

SPIKE INAUGURAL EVENT

Date: 18-12-2021

Guest Welcome Speech:

Good morning to everyone present here today... taking our event further, on behalf of everyone present here, heartily welcome the inaugurator and dignity of our event, **Sri Suresh Kumar Tankala sir** who is a lead consultant (Enterprise Mobility Management-MDM Solution Architect) at Wipro Limited has an experience of 7 years in it. I was especially thankful for him when we approached him with the invitation to be a part of the event as chief guest Sri Suresh Kumar Tankala did not hesitate at all and instantly agreed to be part of the program. He is an inspiration for all of us as the accomplishments that he has made are not an easy task... May I now request Sri Suresh Kumar Tankala Garu on to the stage and share his valuable thoughts...

GAYATRI VIDYA PARISHAD - MINISTRY OF HEALTH (GOI) CELEBRATIONS OF WORLD HEART DAY

29th September 2019

Sub: World Heart Day - 29th September 2019 - Joint auspices of Gayatri Vidya Parishad and
Ministry of Health, Government of India

The Gayatri Vidya Parishad Institute of Healthcare & Medical Technology, Visakhapatnam is privileged to organise the World Heart Day celebrations jointly with the Ministry of Health, Government of India on 29th September 2019 at Visakhapatnam

Shri. Ashwini Kumar Choubey, the Hon'ble Union Minister of State for Health & Family Welfare, Government of India, will be the chief guest for these celebrations.

The following events are proposed to be held on that day to bring awareness of Heart disease, prevention of Heart disease and advances in the management of heart disease:

1. A 2K walk from RK BEACH to VUDA Park at 6.00 am
The walk is open to all and all walking enthusiasts may join.
2. A Seminar on Heart Disease (11.00 am - 12.00 noon)
3. A Free Heart Check up (10.30am - 1.00 pm)
4. An Exhibition on Heart and its diseases (10.30 am - 1.00pm)
5. A blood donation camp

The items 2,3,4 and 5 above will be held in the campus of GVP Medical College and Hospital in Maridi Valley, Marikavalasa, Madhurawada from 10.30am to 1.00 pm.

The participants for the 2k walk are expected to be present near Kali Temple, RK Beach at 5.00 AM and the participants for the seminar on heart disease are to report by 8.30 AM in the respective places.

The Seminar on Heart Disease is essentially aimed at College Students - the Youth of today in whose hands the future of our country lies.

☎☎☎☎ all the institutions in the city of Visakhapatnam will participate in this event and send their students to participate in the 2K walk as well as the seminar.

:2:

The free heart check up is done by the specialists and all the citizens in the city, specially the middle aged and elderly will take advantage of the check up.

We are also aiming at maximum participation and wish to aim at the Guinness Book of World Records

There is no fee for participation in any of the events of the World Heart day in our institution,

Prior registration is necessary for participation in 2k walk, seminar on heart disease, cardiac health checkup and blood donation.

1. Arrangements are made for online registration. Those who wish to register are requested to find the link in the websites of the Gayatri Institutions (www.gvpmmc.in ; www.gvpcoe.ac.in ; www.gvpcew.ac.in ; www.gvpcdpgc.edu.in)
2. The Principals are requested to intimate the undersigned the number of students participating in the 2K walk and the Seminar: please call the PA to the Dean on 7675808023.
3. Certificates of Participation in a Guinness World Record event will be given to the students, who register themselves in advance for the event.
4. The Participating institutions may bring their own institute banners for the 2K walk.

JUNE 21

INTERNATIONAL YOGA DAY

**Yoga is a powerful
natural state that can inspire
you in many ways.**

*"YOGA is a light which once lit will never dim,
the better you practise the brighter your flame".*

GAYATRI VIDYA PARISHAD COLLEGE OF ENGINEERING FOR WOMEN has organized a workshop on Yoga on the eve of International Yoga Day 2019. Students have actively participated in the event making it a success.

The workshop was started with a prayer song by Shruti Varma and team.

Mr. SV Satyanarayana, Yoga trainer of GVPCEW, was the main speaker of the event. He has enlightened the gathering with the importance and essence of Yoga in the life of a human being.
